

1978 SEASON

Patrons:	Ken Booth M.L.A. and Richard Face M.L.A.
President:	Harley Dixon
Secretary:	John Sullivan
Treasurer:	Don Jones
Directors:	David Williams, Bill Mahoney, Kevin McDonald and Lou Mottershead
Historian:	Harry Hetherington

1978 was a 12 team competition in first grade. The First Division point scores were:
Edgeworth 41, Highfield Azzurri 29, Adamstown 27, Weston 27, Wallsend 26, Toronto
Awaba 24, Lake Macquarie 21, Cardiff 18, West Wallsend 16, Cessnock 13, Austral
United 12, Central Coast United 10.

Edgeworth also won the Grand Final going through the season undefeated.

First Division Referees were:

John Tattersall, Alan Townsend, Alf Rodway, A Sacchetta, Brian Ray, Bill Disney, Bobby
Warren, Bob Davies, Frank Tisdell, Otto Scevak, Jim Reeves, Ken Hicks, Gil Duncan,
Tom Brennan, Billy Jones, Bill Scree, Bill Turner.

THE 100th birthday of soccer in Australia on August 14 was not given the celebration 'party' it merited.

The important occasion was almost totally ignored as if it were of no consequence.

The Australian Soccer Federation, the code's controlling organisation in the country, missed a fine chance to boost the game's image by failing to make more of its chance.

Cricket authorities have not let such an opportunity slip by. First came the celebration of the first Test played in Australia in 1876 with the Centenary match in Melbourne and now with a similar match to mark the 100th anniversary of the first Anglo-Australia Test match in England in 1880.

The Soccer Federation did stage a match between Australia and England recently as a 'Centenary' match although long before due date but that, aside from the very low key fixture between a hastily arranged Federation team, of comparatively little account, and a side from The King's School on August 14 has been the sum total of the so-called celebration.

The Federation-King's School match was to reenact in some way or other, what is held to be the first soccer match played in Australia on August 14, 1880 between the newly formed Wanderers Club and a King's School XI on Parra-

ing the depression years of the 1930's, some of the North's greatest players were enticed to transfer to Sydney clubs from which they gained selection in national teams. But the fact remains that all of them had gained the skills which led to selection while playing in the North. Yet there remained enough players of high calibre to ensure that Australian teams of the period would include many of them. Indeed, it would have been possible to have placed two teams on the field to represent Australia without an 'outsider' being included.

The 78 are among the 'greats' of Australian soccer...such notables as 'Podge' and Henry Maunder, Peter Doyle, Clarrie Coutts, 'Digger' Evans, Kevin O'Neill, Bill Coolahan, Cliff Almond, Percy Lennard and his son Jack, Reg Date, Alf Quill, Jim ('Skeeta') Wilkinson, Jim McNabb, Bill Morgan, Norm Conquest, Alex Cameron, Alan Johns, Jack ('Bully') Hughes, Jock Parkes, Jimmy Osborne to pick a few at random. But there were so many worthy of inclusion.

The North, soon to celebrate its own 100th soccer birthday...and the fact will not be overlooked as has been that of Australia's soccer centenary...first provided players for representative teams 92 years ago before it was necessary to name a national team.

Charles Fitzpatrick, a left full-back, and Bill McCrearie, a left winger, from the Minmi Rangers Club were the first. They played for NSW against Victoria in Sydney in 1888.

Jack Wishart was the first Northern player to be a member of a State side which played outside Australia. He went to New Zealand with a NSW team in 1904.

Percy Lennard, of Cessnock, had the distinction of scoring Australia's first goal in an international match in his own country.

He did that against New Zealand in Brisbane in 1923. And his son, Jack, was one of the four Northern players who were members of Australia's first team to play in an Olympic Games tournament.

However, Australia's first goal in an overseas Soccer Test was scored by W. ('Podge') Maunder, of West Wallsend. That was in a test against New Zealand at Dunedin on June 17, 1922. The other Northern player in the Australian team during that tour was Peter Doyle, of Adamstown, for many years one of the Newcastle's most prominent businessmen and now a well-known lawn bowler.

The first Australian soccer player to become noted in English football was a Newcastle man. He was James Jackson, the uncle of the great Australia

lian Test cricketer, Archie Jackson. James Jackson, who played with Hamilton Athletic went to England in the 1890's and had a highly successful career with Woolwich Arsenal, Newcastle United and Glasgow Rangers. He is also noted as being the youngest player ever to take part in a senior grade match in Australia. He was 13 years, 7 months when he played for Hamilton Athletic against Wallsend in 1889.

Since the Australian Federation took control of the game there have, in comparison to the 1922-1957 period, been few from the North in Australian teams in the next 23 years. Those who come readily to mind are Ray Baartz, with almost 50 appearances in his country's teams, Col Curran, Ray Lloyd, Ron Giles, John Doyle, John Roberts, Bruce Morrow and, more recently, Joe Senkalski while 'imports' Kenny Boden, Arne Bertogna, Bill Summerscales have been named in national squads. And there have been some junior internationals too, among them Peter Tredinnick, Malcolm McLelland, A. Boogard.

However, the wheel seems to be turning, even if slowly. With so many brilliant young players now in the North the day may not be far distant when those who began their football in the region will again dominate national team selection.

matta Common. It was of so little importance that Rudi Gutendorf, the national coach, took his playing gear to the ground in case the Federation's side needed players.

It is disappointing that some of the worthy of the event was not arranged. At the least, invitations could have been sent to those who have represented Australia to be present at the Sydney Cricket Ground for the Australia-England match, just as cricket authorities in Australia and England invited former internationals from the two countries to attend the Centenary matches — with all expenses paid.

Had that been done, the North would have been strongly represented. In the years from 1922, when the first of 58 international fixtures was played, and 1957 when the Australian Soccer Federation gained control, 78 players who began their football in the North were selected to wear Australia's colours. There have been more, but a much smaller number, since 1957.

Records prepared by Mr Sid Grant, the doyen of Australian soccer historians, show that the 78 players selected in the 1923-1957 period began their progress to international recognition in 10 Northern clubs with 21 of them being Adamstown Rosebuds players.

Because of work offers dur-

THERE are few instances in sport in which a father has been followed to the heights by his son unless in another code—and then only rarely.

Take, as example, the many hundreds who have played for England against Australia in Test cricket. Only the Tates, Fred and his son Maurice, and the Hardstaffs, "Old" Poe and "Young" Joe, as they were known, played for England. They were notable exceptions to the general rule.

There are, in NSW soccer records, nine instances in which sons have followed their fathers into the top grades but only three to international level. Two of those concerned Northern families.

Jack ("Dingy") O'Brien and his son Jack, who played most of their football with Wallsend, each played for Australia in a Test match.

The Lennards, Percy and his son Jack, of Cessnock, between them played for Australia 26 times.

Their names are bywords in Northern soccer as well they might be. Both were among the most outstanding inside-forwards, or strikers as they would now be known, the game in Australia has had.

Percy Lennard, a strong and natural footballer with

a dynamite-laden shot in either foot, not only set an Australian record for the number of appearances (492) with one club's senior team but also holds the distinction of scoring Australia's first goal in an international match. That was against New Zealand in Brisbane in 1923, Australia winning 2-1 to gain its only success in a three-match series.

Percy Lennard, who died in 1974 when 73, was one of four brothers and two sisters who, after living at Kurri Kurri, moved with their parents to Cessnock.

One of the many Northern soccer players who reached the top lacking the intensive coaching that seems a prime requirement these days, Lennard moved into the Cessnock senior side in 1920 in his 20th year.

He retired once or twice but the attraction of soccer was always so great that his absence from it was always short. He played his 492nd, and last, match with the only senior team he had joined in 1937. It is no mean feat for a player to serve the one team for 17 seasons and, at 37, to still be at his top or very near to it. Percy Lennard did and was.

He played 16 times for Australia and was a mem-

ber of national teams in matches against New Zealand, China and the great English Football Association professional team which toured Australia in 1925 and, of course, many times for the Coalfields, the North and NSW.

He was a great player and a great leader. He certainly played an important part in the development of the Cessnock Club and of the North as a top soccer centre. He helped write much of its impressive history.

Grand player that he was, Percy Lennard did not reach the standard of his son, Jack—at least that was always his assertion. There are many who would argue the point.

It is a claim that cannot be disputed since it is impossible to compare players of different eras. Sufficient to say that the son was a credit to his father and one well worthy of his father's pride. A team with both in it when at their best would have been something out of the box.

Jack Lennard was also an inside-forward of marked ability and inherited his father's skills, technique and know-how.

Jack Lennard played in 410 senior grade matches with Cessnock and Mayfield United so that the two Lennards totted up

902 top grade matches between them—a near incredible record.

The younger Lennard began his senior football with Cessnock when 17. He transferred to Mayfield United in 1948 and stayed with the club until 1955. He then rejoined Cessnock and retired in 1963.

"I returned in 1969 and played in one match. That was enough. I was then 39 and soon knew I was kidding myself," he said yesterday.

After retiring the first time, Jack Lennard coached Cessnock teams for seven years. He is still coaching and is particularly proud of the Cessnock Police and Citizens Boys' Club under 13 team he now has in hand.

He played many times for Coalfields, the North and NSW sides and was in Australia's teams more often than was his father, since he made 16 international appearances.

He played against China in 1953, went to Adelaide with a NSW team to take part in an interstate competition in 1954 and was in Australia's team for the Test series against New Zealand in that year. In the following season he played against South Africa. He was in Australia's team in its matches against Japan and India in the Olympic Games

tournament in Melbourne in 1956. He was also in teams against China and Austria in 1957. No-one gave Australian teams greater service and few played with them so many times.

He scored 224 goals in his 410 senior matches, 14 more than his father scored in 492.

Percy and Jack Lennard were not the only members of the family to gain sporting prominence. Percy's brother Fred, better known as "Pud", was a boxer of some note who won his share of bouts in the North and an AIF tournament in France during World War I when, with the well-known Duke Mullins as his trainer, he defeated no less a noted opponent than Lyn Truscott, who came from Folly Park, and who had held Australian championships.

However, it was Percy and Jack Lennard who held the spotlight. They were footballers of extraordinary ability. Their football careers were as noble as their characters.

Edgeworth sweep all before them

By NEIL JAMESON soccer writer

The inscription on the trophy will not record it but Edgeworth's 2-0 soccer grand final win over Weston on yesterday represented much more than the major premiership.

The win at Crystal Palace marked Edgeworth's 30th game without defeat, the first time since Wally end won the first division as unbeaten champions in 1942.

The presentation yesterday of the major premiership trophy, the Victoria Cup, was the final chapter in Edgeworth's prize-winning run.

It started in the pre-season with the BP Shield and continued to include the minor and major premiership and the club championship.

The mark of champions is the ability to convert chances and that is what Edgeworth did yesterday. Jack Routledge and Jim McGreen found the net from limited opportunities to end Weston's hopes of retaining the championship.

The game offered little as a spectacle. The magnitude of the occasion and Weston's resolve to stem Edgeworth's flowing style at the source resulted in a generally scrappy match.

Both goals came in the second half and both from set-play situations.

David Kamass in the 44th minute took Edgeworth's second corner. His inswinging kick from the left found Kevin Riley at the far post and the midfielder headed the chance against the crossbar. The Weston defence tried desperately to clear the area but Routledge nudged the chance home.

Weston had before the goal, enjoyed the better share of 55 minutes of untidy football, forcing four corners to one in the first half.

Most of the corners resulted from Edgeworth's plan not to take any chances in defence, preferring to knock the ball behind the goal line rather than risk being robbed near goal.

Weston might have been expected to plunder some reward from the corners but they were continually denied by Chris Beavy, the Edgeworth central defender who controlled the aerial battles.

before them

best football in the final 14 minutes.

Weston, desperate to improve on their record of six grand final wins in the past 10 years, struck the bar about nine minutes for an opening that did not exist.

J. J. Turnbull could have put them ahead in the 17th minute but he steered his first time right-foot drive just wide.

But Weston's prime fail-

ing was their inability to convert their corners margin of nine to Edgeworth's three into goals.

There was not enough variation in Weston's approach to corner kicks and the Edgeworth defence knocked everything clear.

The Weston midfield provided plenty of effort with Dennis King again being an inspiration. Edgeworth had a central defen-

sive half-winner in Beatty and with Parkinson in the forward line they limited Weston's chances and created their own.

Weston's visit to Crystal Palace was not without some reward.

The Bears' reserve grade side worked a tiring 1-0 grand final win over Highfields Agazur after having a player sent off.

Weston were leading 1-0 when defender Graham

Peters clashed with an Agazur player and referee R. Warren sent Peters off.

Weston's winning goal came in the 34th minute after Agazur goalkeeper John Maguire deflected a powerful drive against the crossbar. Steve Turnbull headed the rebound into the net.

Adamstown Rosebuds, a club with a magnificent record in grand finals, outclassed Toronto-Awaba 2-1 in the third grade decider.

Mark Smith put Rosebuds ahead by crashing in a 22m drive off the right upright in the first half.

Tony Butler added a second before Neil Jones gave Awaba some belated hope with a goal.

Geoff Morton outjumps his Weston teammates and Edgeworth players to head a corner-kick clear of the Weston goal during yesterday's soccer grand final.

The resolve of both sides to send men back into defensive positions when the opposition was in possession worked well, but made scoring chances few.

Play settled down for long periods into middle distance as attacks repeatedly broke down near the opposing penalty area.

Edgeworth coach Peter Irving later singled McGreen out as his side's best player.

"I thought he was more composed than anyone else on the field," Irving said.

The middle class balance of the aggression and composure had a telling effect on his teammates, particularly in the first half when things could have gone against the minor premiership.

McGreen was rewarded in the 74th minute when he scored Edgeworth's second goal. It came when

Weston were pressing hard to equalise and the goal put the issue beyond doubt.

Alan Parkinson rose near the penalty spot to get a clear header to a free kick from the left. The ball fell to Warren Anderson and he knocked it back inside for McGreen to fire into the net from 10m.

Edgeworth, with the pressure gone, settled down to play some of their

Finance blocks soccer league

By NEIL JAMESON, soccer writer

There will be a Northern NSW State Soccer League, but will it kick off next year?

The Northern NSW Federation is working towards a 1979 start to the new league but unless the rate of progress accelerates dramatically the interested clubs might have to wait until 1980.

There has been some "encouraging response" from certain areas interested in joining the league but at this stage the federation's call for applicants and a major sponsor have not withered.

The president of the northern federation, Mr Harley Dixon, said yesterday that the major delay was finance.

"Ideally, we would like to see a major sponsor pick up the \$50,000 account to finance the league and the accompanying cup competition," he said.

The other alternatives include a scheme where the applicants provide \$6000 or more each to get the league on its feet.

This system will be adopted in Queensland next year when that State launches its new league.

The idea is that the body proves that the league is a viable venture and thereby encourages the support of a major sponsor.

The northern NSW plan is to run the new com-

petition along Phillips League lines.

Each approved club will be expected to field an A team and a youth side. The league will be restricted to an eight-club competition for at least the first season with no promotion and relegation for three years.

But each club will be obliged to reapply to the northern federation each year for entry. This means that any club proving unimpressive in the league can be replaced.

Mr Dixon said that the response from some country areas was heartening. "Tamworth City Soccer Club was formed a fortnight ago for the express purpose of entering the State league," he said.

"A new club has been formed in Coffs Harbour and there are strong moves in Port Macquarie, Grafton and Lisians to gain admission."

Alan Vest, the Northern coaching director, was invited to Tamworth this week to advise on the appointment of a club coach.

It is envisaged that the initial eight teams for the league will be drawn from the major population areas of the Hunter Region, Central Coast, New England, Northern Rivers, Near North Coast and the Far North Coast.

The federation's blueprint has called for teams which represent the jus-

for association areas. This would limit the Hunter Region to one each from Lake Macquarie, Newcastle and the Coalfields.

Though no applications have been received it is common knowledge that Edgeworth, Weston and Adamstown are three of the major first division clubs keen to enter.

The boards of Western Suburbs and Apia Leichhardt have completed terms for a jointly managed team to play in the Phillips Soccer League next season.

The long-awaited amalgamation was announced at the PSL office by the manager, Mr John Frank, in Sydney yesterday. The club will be known as either Apia-West or West-Apia for 1979, after which they will adopt a completely Australia-oriented title for 1980.

Three members from each club will manage the new club.

In 1966 or 67 the Hunter Valley Soccer Association was formed, the President being, Steve Stevenson. Warners Bay were involved in this competition until the Hunter Valley was disbanded in 1976. During this period the Bay won a third grade Grand Final in 1967. The 1st Grade won the Association Cup a few years later beating Swansea Worker's, and the Reserve Grade were Minor Premiers in 1971 and again in 1972. They also won a Grand Final in 1974 beating Cardiff Workers.

The Hunter Valley Competition was very strong, the Bay having mixed fortune playing against teams like Dudley, Stewo's, Swansea, Doyalsen and Hamilton Red Star. During this period there emerged a Warners Bay Soccer and Sports Club stalwart Kevin "Snow" White, who has done such a lot of active work for both the soccer section and the club in general. Snow filled a number of Executive positions, he also took over as President of the Hunter Valley in the year before it was disbanded. "Snow" then turned his talents to form the Macquarie Women's Soccer Association and Warners Bay lost a good club man.

In 1977, the Bay joined the Northern Soccer Federation to

qualify for a berth in the 4th Division. 1978 was a bad year, they finished the season by getting relegated. However, they attacked 1979 brimful of confidence and with the help of the Bay's player-coach, Bruce Hopley, they gained promotion. Bruce had his critics, but he pursued his policy of merging his younger players with older players like Al Cooney, former W.A. Rep.; Allan Parkinson and Ron Blundell, who had a terrific year, incidentally Ron is the only player in the present team who kicked off with the team in 1965, a great club man. Bruce started to train his players early and he trained them hard, but it paid off.

The future of Warners Bay is in the dedication of it's volunteer officials. The hard work put in by Bob Lewis, Bob & Richie Stegh, Ron Blundell and Ian Cuthbert, made 1979 a good year, but 1980 will see the Bay fielding three teams and that will involve more active willing worker's especially from it's younger members.

To conclude with, the Senior Soccer section, must thank the Executive of the Sports Club for the co-operation shown during the season, also the help given in previous years by Maisie Pollard and Irene Gilroy in running the canteen.

GARDEN SUBURBS

Meet 4th Division Minor Premiers of 1979.

This Club entered Federation Football in 1974.

The Garden Suburbs Club has a top-class football pitch, and large Junior Club, with an excellent ladies committee which is envied by Clubs in higher divisions.

The "Suburbs" will continue to grow, and we look forward to bigger things in the years to come.

P. Wahstedt (coach), G. Parkes, M. Coleman, P. O'Reilly, T. Onslow, G. Movet, G. Stelmack, S. Somnerville, G. Hillard, W. Summers, D. Prater (manager).
Front Row: R. McBlane, P. Hayes, T. McKenna, R. McKenna (capt), P. McKenna, W. Mills.

"LOYALTY OF MAITLAND'S STEVE GRIFFITHS"

Most soccer administrators have nightmares when their Star Players are reaching the end of their contracts and officials of the wealthier clubs are lurking in the background ready to make lucrative offers to lure them into signing on.

Most players succumb to the generous financial inducements, but many players who have an inbuilt rare commodity called "Club loyalty", resist the offers and stay with their clubs.

One such player who has this enthusiastic devotion to his Club's cause, is Steve Griffiths, the Maitland goalkeeper. He has resisted many offers to go to other clubs during his long career with the "Magpies".

Steve began his playing career with Maitland on Anzac Day 1965 and he is now approaching his 300th game with the club.

Starting as a 15-year old schoolboy, he made his first grade debut in July 1965, displacing one of the North's top goalkeepers — Forbes Wood. Since then, he has earned the plaudits of many of soccer's top judges by his fine displays "between the sticks".

In fact, many good judges declared him the No. 1 goalkeeper in the North during the 1969-71 period.

Despite the rave notices that were put on him, Steve never lost his level-headedness, nor did his loyalties waver. He still found time to pass his knowledge and experiences on to youngsters eager to break into the game.

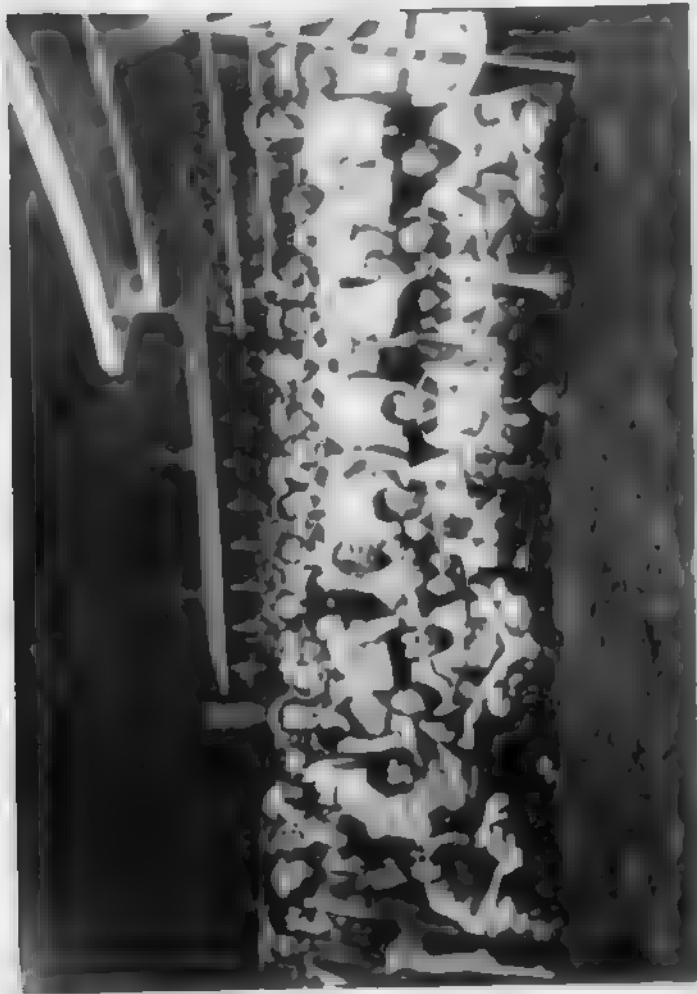

Maitland have had many long-service players in the past, but it is extremely doubtful if there will be another to equal "Griffo".

Although he is approaching the twilight of a long and distinguished career, "Griffo" will not give up the premier custodians job for Maitland without a fight and whoever takes over from him will have to be good.

The cry of "good on yer Griffo", could be heard for many more seasons yet and the game will be the better for it, because if there were more players around with the same loyalty as Steve Griffiths, club officials would be much happier and the game would be so much better.

11-72

1980 SEASON

The Northern N N S W Federation restructured Football with the formation of a State League which included teams from the Country and North Coast

The New State League Team's were

Adamstown, Wallsend Rovers, Weston, Edgeworth, Stewarts & Lloyd, Belmont Swansea, Tamworth City, Armidale, Coffs Harbour and Clarence Valley

Weston won the Premiership and no Grand Final was Played

The First Division Clubs were

Austral United, West Wallsend, Lake Macquarie, West Lakes United, Mayfield United, Matland, Highfield Azzurni, Toronto Awaba, Cessnock City, Cardiff, Hamilton Red Star and Kurri Kurri

The Second Division Clubs were

Belmont, Central Coast, Beresfield, Lambton, Jesmond, Kotara South, Doyalson, Wyee R S.L., New Lambton, Raymond Terrace and Dudley

The Third Division Clubs were

Cooks Hill United, Kahibah, Gosford Rangers, Charlestown United, Garden Suburbs, Stockton, Olympic, Tech College, South Cardiff, Swansea Workers

The Fourth Division Clubs were

Cardiff Workers, Charlestown Hotspurs, Merewether Advance, Nelson Bay, Warners Bay, University, Wallsend United, Kearsley, Greta, Branxton and Marks Point

The Fifth Division Clubs were

Barnsley, Cardiff Railway, Tomago Eagles, Muswellbrok, Shortland R S L., South Wallsend, Lambton Rangers, Rutherford, Elernmore Vale and Singleton

KB

ON REFLECTION

with JACK MATHEWS

PAUL Reaney, certainly to further lift Newcastle KB United Soccer Club team's already high standards as the third player who has worn England's international jersey to join a Newcastle club side.

There have been 87 soccer seasons between the first and the last of the three.

Reaney, in his short time in Newcastle, has given convincing proof that the flattering reputation which preceded him was not mere exaggeration. He is a player of quality and class. But that is to be expected of one who was good enough to play in more than 700 matches for Leeds United, one of England's top teams, to be a member of the side when it won the First Division championship and the FA Cup in a final at Wembley.

Not only that, but Reaney also helped Leeds United gain coveted awards in Europe and, best of all, he played for England. No footballer could do more.

The player in between the first of the internationals to join a Newcastle club side and the last is Tom Garrett. No finer footballer has stepped on to a Northern soccer field. He first came to Australia in 1958 as a member of the Blackpool team which gave so many brilliant displays during a highly successful tour.

Garrett was a member of Blackpool's team when it was defeated in the EFA Cup final of 1951 and was also in the side when, two years later, it returned to Wembley to defeat Bolton Wanderers in a match that has been tagged as the 'Stanley Matthews Final' because of the Maestro's devastating play which led to Blackpool winning, four goals to two, after being down two-one with four minutes left to play.

Garrett liked what he saw when he toured Australia — and he

particularly liked Newcastle. When he decided to return he was quickly signed by Newcastle and his first playing was such that he quickly became an attraction, as he was transferred to Wallsend.

Garrett was a long-serving member of the Blackpool team and was selected to play for England in full international matches a number of times.

He is now one of the North's leading snooker players.

The first of the three former English internationals was also probably the North's first soccer personality. He was Dr J F M Princeps, a former Old Carthusian and in the side when it won the EFA Cup final in the competition's early years. He also played for England against Scotland in the days when international matches were so few and far between that only the best players could even dare hope for selection. Princeps was known as the 'Prince of Dribblers' in British soccer. He lived up to the reputation in Australia.

He played for part of one season with a Sydney club and came to Adamstown in 1893.

A master of ball control — indeed, he was often described as "a magician" so brilliant was his footwork — with positional skills above the ordinary and a magnificent marksman with a powerful shot in either foot, he was also a brawny six-footer.

His abilities were such that he became a great drawcard. It was mainly because of him that a crowd of more than 1000 attended a club soccer match for the first time in the North.

That was for a replay between Adamstown and Wallsend in 1893.

Princeps' scoring feats had captured the imagination of football enthusiasts, as well

they might. He scored five times in succession against Carrington Black Watch and, in the very next match, all three against Greta Bluebells at Greta and then all six in a six-all draw against Wallsend Rovers in a match which ended most unexpectedly when Princeps smashed the ball against the crossbar with such power that it burst. Another ball was not readily available and the match had to be replayed. And what a match it turned out to be!

The score was two-all with little time left. Princeps who, of course, had scored both Adamstown goals although three opponents had been assigned to keep him out of play, saw an opening, darted through a disorganised defence and set himself to shoot. Before he could, a young Wallsend supporter ran on to the field and brought Princeps down with a rugby tackle.

The intruder was first to his feet and set off into the thick scrub behind the ground, hotly pursued by irate Adamstown supporters. But he was too fleet of foot and escaped. Meantime, there was something of a hullabaloo at the ground on to which followers of both camps had stormed.

The referee, Mr Harry Brien, was smart enough to blow his whistle for full-time and to declare the match a draw.

Many years ago, an Adamstown supporter who was at the match told me that this happening was responsible for the keen rivalry that has always marked matches between Adamstown and Wallsend teams. It may well be so.

Dr Princeps moved on to Brisbane where he was no less a success as a crowd-pleaser and a goal scorer. He returned to England before the turn of the century and has been lost in the mists of time.

TRAMWAY GROUND WAS HOME OF NORTHERN FOOTBALL On Reflection with Jack Mathews.

JACK Mathews is
all in Ward 1 at Royal
Newcastle Hospital.

IN its 92 years of progress soccer in the North has had a number of boom periods of comparatively limited duration.

One was in the 1920s and was, perhaps, more significant than those which preceded it since it gave a solidity of public support previously lacking in numbers, if not in enthusiasm.

It was the welcome and important but, unfortunately, short-lived era of the Tramway Ground in Hamilton.

The ground, leased on a short term basis and renewed each year from the Department of Public Transport was situated in an area facing Denison St and bounded on its Western length by Lawson St and in the south by Everton St.

It was ideal in every respect to assist in Soccer's march to popularity. It had a playing surface that improved week by week and which could be used only hours after the heaviest rain. But, most of all, it was splendidly situated for its purpose.

It was decided by the Northern District British Football Association, the controlling body of the time, that the most important fixture of each round should be allocated to the Tramway Ground.

That was a wise decision since it meant that, on each Saturday afternoon, the game's best offering was displayed in the best possible setting.

Attendance grew Saturday by Saturday and was as regularly increased by the many 'outsiders' — those people without any form of club affiliation who attended the 'Tramway' regardless of which

team played. Indeed, many did not know — or care. Thus I know to be so since my mother and father were part of a group at the ground every Saturday rain, hail or shine. It was not until it was discovered, purely by chance, that one of the star players was the stable lad of some years before at a racing establishment opposite our home in Hubbard St, Islington, whom mother often fed because she claimed he seemed so poorly, that they identified themselves with a team.

Poorly or not, the stable lad survived to become one of the finest outside-lefts in the game in this country. His name: D. McLaughlin, of West Wallsend.

After the glad reunion, there was only one team for my parents and their group. It was 'Westy' first and last.

The first match of the 1920 season at the Tramway Ground was between the Adamstown Rosebuds and Hamilton teams, with the renowned and rotund Mr W. Stott as referee. The teams were:

HAMILTON: Daniels, Robson, Williams, Holt, Wood, Barr, Thompson, Fred Watson, Yah, Sneddon, Hancock, Woods.

ROSEBUDS: A. Smith, Davies, Gregg, Wilson, Lambert, Polard, Patterson, Johns, F. Hayes, Doyle, McAlister.

Adamstown won two goals (Johns, Hayes) to one (Sneddon). The gate for the match was £172.

It was £237 for the premiership final at the other end of the season, in which West Wallsend's Bluebells defeated Adamstown's Rosebuds, three goals to two.

The popularity of the Tramway Ground had increased considerably by the start of the 1921

season. The premiership final between West Wallsend and Cessnock attracted a 'gate' of £286 at a 'bot's time.

That represents a crowd of more than 3720, not including the very young enthusiasts who climbed the fence at the Everton St end.

The West Wallsend and Cessnock teams of that season were amongst the most brilliant in the North's soccer history. The names of the players helps set the adrenalin pumping — the memory of them and their deeds.

The teams were:
WEST WALLSEND: Jack Coutts, H. 'Butcher' James, Henry Maunder, Billy Smith, Dick Sneddon, Clarnie Coutts, Tommy Coates, W. 'Podge' Maunder, H. 'Bunny' Muir, Tommy Sinclair, Di McLaughlin.

CESSNOCK: W. Sneddon, G. Williams, L. Carmichael, A. Durie, G. Rennis, R. Lennard, Les Brown, G. Rowe, J. Strong, Percy Lennard, Ern Williams.

West Wallsend won two goals to nil, a match made more notable by the fact that each team included two pairs of brothers.

It was not a happy year for the Cessnock team since it also lost, two-nil, to Wallsend in the Kerr Cup Final. But the Wallsend side was also top class. It was:

G. Bower, Sam See, Bob Lidbury, E. Owen, F. Shields, 'Yargo' Roy, Tom Craig, Dan Rees, Ernie See, Johnson, Wells.

That match drew a 'gate' of £271 to further prove the worth of the 'Tramway' to the soccer code.

And so it went on . . . 1922, a gate of more than £300 for the premiership final in which West Wallsend again defeated Cessnock, this time by four goals to

two, with 'Podge' Maunder scoring three times. He repeated the effort when West Wallsend defeated Weston, five goals to one, in the Kerr Cup Final. It certainly was a great West Wallsend side, much similar to that of 1921. Weston's team is interesting to recall if only because the noted goal shooter Jack Avis played as right half back. The side was: A. Cockburn, T. Oliver, J. Penman, J. Avis, J. Martin, J. Bates, J. Adams, W. Richardson, J. McCroarie, Jack Gilmore, Jackie Mather.

The competition in 1923 was long drawn out. The final, in which Weston defeated Adamstown, three goals to two, was not played until the last Saturday in November. The 'gate' for the important match was, as could be expected, down but only to £296.

West Wallsend defeated Woonona three-nil in the final of the Gardiner Cup at the 'Tramway' ground in 1924, the takings at the turnstiles exceeding £360.

The soccer outlook was exceedingly bright at the start of the 1925 season, in which Cessnock won the premiership final by defeating Adamstown Rosebuds two-one but lost the Gardiner Cup final, two-nil, to the 'Buds, at the Tramway Ground.

Then came the blow. The ground was needed for the Gordon Avenue Tramway Depot development. It was a sorry loss. It was good while it lasted.

The association moved quickly and transferred headquarters to Hobart Park in New Lambton. It was opened on May 1, 1926, the first senior match being between West Wallsend and Kurri Kurri.

Centenary soccer milestone

111

The match between Australia and England at the Sydney Cricket Ground on Saturday night to mark the centenary of soccer in Australia will be the first full international fixture between sides from the two countries.

This despite the fact that it is the fifth time since 1921 an English representative side has visited Australia.

The first of these were not known as English but as the Football Association (FA) sides.

This is in line with cricket teams from the "Old Dart" which, on tour, are described as Marylebone Cricket Club (MCC) sides in all matches except those against Australia when such matches become Tests.

Few of the matches in which national soccer sides have played Australia in Australia, have been given the recognition of "full" internationals. Most have been described as Tests, a term not generally used in world soccer.

Fixtures in the World Cup Championship and the Olympic Games are "full" internationals, those in the Olympic Games being described as "amateur internationals".

Australian soccer was granted affiliation with the English Football Association in the late 1880s and has sought a "full" international match between the countries' teams without success — until now. It may be the breakthrough Australian administrators have sought in vain for almost 100 years.

The North provided the setting for 11 of the 38 internationals or Tests played in Australia — up to pre-Socceroo days — since 1921.

The first of the 38 fixtures was played against New Zealand in Brisbane in 1921. Australia won that match, two-one, with the late Percy Tennard, of Cessnock, scoring Australia's first goal in

the international match.

The first match with international status in Newcastle was the second of the three-match series against that New Zealand team. It was played at the Showground and won, 3-2, by New Zealand. One can still recall, with pleasure, the brilliance of the New Zealanders, J. L. Campbell and C. C. Dacre, who later went to England to play soccer and to go on to a glorious success as a member of the Gloucestershire County Cricket Club.

The first of the three Chinese national teams to visit Australia was soon after New Zealand teams visit in 1921. It was defeated, four-three, in Newcastle side from China in 1927, lost its Test in Newcastle by seven goals to four and the series, two-nil, with another match drawn. The Chinese team of 1941 was also defeated, five-two, in Newcastle and lost the series, three matches to two.

A strong Canadian team tour in 1924, won three Tests, lost two and drew one — the draw, in which goals were not scored, was in Newcastle.

The test in the North against the brilliant EFA side of 1925 was played at Maitland and attracted a crowd of more than 10,000. England won eight goals to two. The EFA's amateur team of 1947, led by the renowned Bernard Joy, played the second of its three Test Matches at Newcastle Sports Ground on a Tuesday afternoon before a crowd of 17,259. The match was made notable by a brilliant save of Stanley Eastham's penalty kick by Jimmy McNabb, of Weston. Australia

won, four-three, and also took the series, two matches to one.

Reg Flewin's 1951 EFA team defeated Australia, five-nil, at the Sports Ground and won the Test series of five matches without loss. The EFA team of 1971 did not meet Australia in Newcastle.

The barefooted Indians were beaten, four-one, at Newcastle Sports Ground in 1938 and lost the series three-one with one draw.

Palestine was Australia's opponent in Newcastle in 1939 and lost, four goals to one and also lost the series, two matches to one.

South Africa sent a strong side to Australia in 1947 and won three matches to Australia's one, with another fixture drawn. The last match was played in Newcastle where Australia won, five goals to one.

Of the 11 Tests in the North, visiting teams won only three, England two, New Zealand one. Goal-scoring has been remarkably even, Australia scoring 34 times and opponents 34 times. England's three teams accounted for 16 of the 34 against Australia's six. The three sides from China scored nine goals between them and Australia 12 against them.

Only four of the 15 national teams to visit Australia have not played Tests in Newcastle. They were New Zealand in 1954, Scotland in 1967, the EFA side of 1971 and Israel in 1971.

In the 38 Tests played in Australia, before the formation of the Australian Soccer Federation, visiting teams won 35 times, Australia 20 and eight matches drawn.

ON REFLECTION

with JACK MATHEWS

MAX LUCCESSI

MAX CALLS IT A DAY

It is no surprise that the Weston team's successes in the early seventies coincided with the arrival into the Bears camp of coach Max Luccessi.

Luccessi took over the Weston coaching position at the start of the 1971 season and by mid-way through the premiership race had moulded a team that was to go through the remainder of the season undefeated, win the Minor Premiership, and rattle up a record 5-0 grand final win over Wallsend.

That was the first of three consecutive grand final wins that Max engineered before returning to his homeland for a spell. The fortunes of the Bears fluctuated in the ensuing years before he was to return to take over the Weston reigns in 1976.

The '76 season was less than successful but Max was well aware of the problems that had to be solved, and when his team lifted the 1977 pre-season B.P. Shield he knew that, once again, he had a capable team on his hands.

It is a great tribute to him that, in this, his retiring year, he and his team swept all before them in northern soccer capturing all the major trophies, and he, more than anyone, deserves the applause for restoring his team to its former glories.

Weston Soccer Club owes you a great debt of gratitude — thank you Max Luccessi.

1981 SEASON

Patrons:	Ken Booth M.L.A. and Richard Face M.L.A
President:	Stefan Kamasz
Secretary:	Ernie Lamb
Treasurer:	Brian Brown
Directors	H Hetherington, Bill Mahoney, Ron Gow, John Jones, David Williams
Historian:	H Hetherington

The high costs of running the State League not only to the Federation but also to the clubs, was to take its toll before the seasons end

Edgeworth had asked to be relieved of its position, and during the season Lake Macquarie would swap positions with Edgeworth

Stewarts & Lloyd were Premiers and Weston were Grand Final winners

Full details of all Premiership results of all divisions are on the following pages

Highfields Azzurri won the Northern 1st Division Premiership and the Grand Final

The Second Division saw Australs take out the double in winning the Premiership and the Grand Final

The Third Division saw one of the oldest clubs in the North win the double Premiership and the Grand Final that Club being Jesmond

The Fourth Division Premiership was won by Rutherford while its neighbours over the hill Greta Branxton won the Grand Final

While in Fifth Division South Wallsend took out the Premiership and Tomago Eagles won the Grand Final

Stefan Kamasz
President 1980-81

Weston's John T. Turnbull

"A FEDERATION IN TURMOIL"
BY ERNIE LAMB

It is doubtful whether the members of clubs of the Northern Soccer Federation could ever again face the controversy which was created at the completion of the 1981 season and operate thereafter as an entity

The 1981 season has just passed into history when Stewarts & Lloyd the minor premiership winner and grand finalists, withdrew from the State League and Belmont Swansea and Wallsend requested that the Federation relegate their clubs into the First Division. Ominous noises were also forthcoming from Weston, Adamstown and Lake Macquarie as to their continued participation.

There were several bones of contention which were to be aired. The first viewpoint from State Leagues Member Clubs was the continued expense of travelling in a State League competition by air.

The first division competition was operating successfully and the State League Clubs were entitled to view the first division competition as being more viable than State League.

Questions were asked and demands were made of a Federation Board which could offer very little solution to the problems without drastic change to the competition structure which would effect every Federation Club.

The problems were not of the Boards making or any individual Directors fault- for a decade the Federation had not evolved a consistent policy in presenting Soccer at any level. Limited companies rubbed shoulders with Amateurs in nearly all the Federation Competitions.

State League had been evolved in 1980 as a desperate answer to the popularity of a Newcastle K B United which was averaging 7,500, and perhaps the worst indictment the N N S W Soccer Federation itself had become a limited company without regard for the arguments which had plagued the Federation since 1972 with regard to voting rights. With 62 voting members, the majority of which were playing Amateur and social football and able to determine the outcome of any restructure, any changes were not going to be made very easily. To further complicate the situation at this period, the Federation had 4 members, Coffs Harbour, Tamworth, Armidale and Twin Towns, who were entitled to demand a competition to play in and an Associate member, Lismore, which had just completed a season in State League U/19's with great success, were interested in joining State League.

As State League slowly disintegrated, the "Country" Clubs within State League became concerned for their future and Twin Towns, on the Queensland Border, were given permission to join the Q S F. Several bitter experiences had been learned from the two years of State League. The first was the lack of cohesion which occurs when clubs, which are used to having three grades home and away, have sides playing at different venues. The first year of the State League in 1980 had spelt the fact all too clearly for the participants. The cost structure in flying meant that only one team could visit the country areas and Reserve and U/19 teams had to have a separate competition, (or in 1981, for instance, Reserve and U/19 competitions would have had 8 byes for each Newcastle Club). The meeting of State League Clubs at Sawtell in February 1981, had acknowledged the problems and despite many suggestions and ideas, neither the Newcastle based State League Clubs or the Federation had any solution. The Federation and Clubs left that meeting with a 10 team First Grade competition, a 6 team Reserve Grade competition and an 8 team U/19 competition (Tamworth and Lismore having entered teams).

The Newcastle Clubs also wanted their Reserve Grade and under 19 teams playing in front of them on home matches. The result was a fixture chaos in 1981 which did much to bring State League to an end. The Clubs of the Federation in general, when faced with the demise of the State League and the attendant trauma for the clubs involved, showed little sympathy for what were the acknowledged stronger clubs in the Federation.

The attitude of many clubs was one of lack of understanding and not just a little satisfaction that the "mighty and fallen" had bitten off more than they could chew. It was even suggested in a letter to the Federation from one club (tongue in cheek or otherwise) that "clubs from State League should go back to fifth division and start all over again. "Regrettably for soccer, several State League clubs agreed".

They collectively concurred it would be a lot cheaper and in bitter asides to Federation Directors suggested that unless some policy or plan could be formed that would benefit them, then they could hardly recommend the kind of spending to Licensed Club Boards that would sustain a soccer team in which they, or soccer as a whole, could be proud. The die was cast, that was to affect every club in the Federation. Unfortunately, the Board of Directors of the Federation was split on the issues and a policy for the future. Board meetings became inconclusive on many points.

The President Stefan Kamasz, Secretary Ernie Lamb and Treasurer Brian Brown met one evening in room 307 at the Travelodge Motel in an attempt to evolve an Executive firmness on what must be done to resolve all difficulties facing the Federation and its Membered Clubs.

It was believed that this meeting would persuade a Board along the same path, unfortunately, it didn't.

The policy evolved in that room on that night, was passed by Directors but the

implementation caused several to change opinions as Club opinion on the policies filtered back. In retrospect, and with hindsight one could only judge that many of the Board were under intense pressure from vociferous lobby groups. The decisions that the Board had made were not necessarily wise but, at least, were decisions that any Board had a mandate to make - and ones which were very necessary at that point of time.

To have allowed, the arguments to proceed and not to have made any decisions at all would have been more culpable. Not have made any decisions at all was tempting, four Directors were up for re-election in January at the A G M.

The four directors up for re-election were The President Stefan Kamasz, Treasurer Brian Brown, Harry Hetherington and John Beatty had signified that they would not seek re-election.

The three Directors not retiring, Ernie Lamb (Secretary), and Directors Dave Williams and Bill Mahoney were by no means united on the policy that had been laid down and it was an ominous sign that, with four Directors to be elected and policies could be overturned after the A G M.

The changes (broadly based) put to the clubs for the 1982 season were as follows

- 1) State League to become State First Division with two grades only, First Grade and Reserve Grade
- 2) An U/19 competition was to be promoted playing separately from First and Reserve Grade
- 3) Travel in State First Division was to be by Road
- 4) Third, Fourth and Fifth Divisions would utilise early Kick Offs time on Sundays to avoid State First Division and Second Division fixtures
- 5) Grand Final series was to be in First Grade only with State First Division, Second Division and Under 19 Grand Finals combining on the same day and Third, Fourth and Fifth Divisions combining for their Grand Finals
- 6) No player could appear on two team - sheets on any one day other than as a bona-fide substitute
- 7) Clubs could only sign five U/19 players on contract, the rest had to be Amateurs.
- 8) No Pre Season Competition. The arguments as to why those changes had to be made would fill a book. They were deemed necessary for a Federation and member clubs which was in tremendous disarray. No major sponsor had been found for many years and every club was finding it a struggle to make ends meet.

The proposals were received badly by the clubs, Third and Fourth Divisions were incensed at a 9 a.m. kick off and loss of Third grade

A hitherto untouched First Division hardly welcomed the collapse of State First Division back into their ranks and the knowledge that many of them were about to become Second Division Clubs. The fact that Second Division was to become Third Division, Third Division to Fourth and so on down the line, made it sure fire certainty that the Federation Board was about to find things very difficult

23 clubs made application for State First Division and at one meeting held a resolve to impasse to determine which would be State First Division and Second Division, it was suggested quite seriously, that the 23 should be put into a hat and the first 12 drawn out be the State First Division

Wallsend by the way did not nominate for 1st Division and asked to be drawn in the 2nd Division due to Financial Problems.

An extra ordinary meeting of the clubs was called by the 1981 First Division Clubs incensed at losing U/19 from their home grounds. The meeting overwhelmingly voted that First Division retain all three grades on the same ground but, unfortunately, the motion (which had been badly put to the meeting) was supported by Third and Fourth Division Clubs, some of whom believed that the Federation would be forced to return their third grades as well. The Federation Board, stood firm and despite the vote at the extra ordinary General Meeting, informed a meeting of ex-State League Clubs and First Division Clubs that the policies would still stand. At that stage in December what should have resulted was another EXTRA ORDINARY GENERAL MEETING expressing a vote of no confidence in Directors. The AGM on the 27th January, 1982 was however, close enough to ensure that the ballot box for Directors would ensure whether policies were overturned

The confusion had created opportunism which was to prove regrettable for all concerned. The board was aware that former Directors of the Federation were interested in standing for the vacant positions at the A G M, with a view to gaining control. Their platform policies were simple

Agree to leave everything the way it was and not implement the policies of the present board

The situation was to worsen immediately. President Stefan Kamasz was absent on Holidays in Queensland at the time of the decisive vote against the Board in early December, with regard to First Division retaining three grades in the competition on the same ground

Mindful of the situation, Stefan wished to compromise, believing so much had been achieved in many of the proposals put to the clubs except the main areas of U/19 and the clubs which would be involved in a revamped First Division. He sent down a screed from Queensland which was presented as a confidential document to Directors three days before the Extra-Ordinary General Meeting.

He requested that the board "back off" in some areas, named the 12 clubs he would put in State First Division and mentioned that one member of the Board would not agree with his proposals.

Three days later every club in the Federation which was attempting to change the Boards viewpoint had a photo copy. It was a savage breach of faith and confidence which was to rock the Federation board Room as badly as the Clubs had been rocked by the proposals which emanated from the same room. The Board was now badly split and it seems impossible that its members or its policies would survive.

For the ex State League Clubs the fight was now really on as the rest of the Federation attempted to close ranks and defeat any proposal that could conceivably do them any good. Clubs that were spending collectively in one Division (Third, Fourth and Fifth) a sum that would not rival one State Leagues Club outlay, now had the power to determine the fate of a Federation.

A meeting in late December was finally told of the collapse of State League and the ensuing arguments did little to point out which 12 clubs should now comprise State First Division.

Nominations for Directors closed just before the New Year and, after a flurry of late nominations in the last 20 minutes before nominations closed, Secretary Ernie Lamb resigned and the renominated for the board.

January was not a pleasant month for the Northern N.S.W. Federation Ltd as 9 candidates for the board fought for the vacant 5 seats. Ernie Lamb, Stefan Kamasz, Ken McNeil (Treasurer of Adamstown Rosebud Licensed Club), Bob Mitchell (President of Lake Macquarie), Alan Tredinnick (Ex Director of Boolaroo), John Sullivan (Former Secretary), Tommy Morris (Ex President of West Wallsend), Alan Lamb (Ex President of Federation) and Keith Frew (Maitland Club) fought a war of ideology that was unpleasant in print and reached zenith on Wednesday 20th January 1982, at an open Forum in Rosebuds Club auditorium under the Chairmanship of Local Solicitor Max Fox.

At the A G M on 27th January 1982 it was declared that Tredinnick, Kamasz, E Lamb, K McNeil and Morris were elected to the Board to join incumbent Directors Dave Williams and Bill Mahoney.

At the first meeting of the Board Mr Mahoney offered his resignation and it was accepted. Stefan Kamasz was re-elected as President Ernie Lam Secretary and Ken McNeil Treasurer The newly elected Board re-iterated the policies of the previous administration without alteration The 12 State First Division Clubs were to be Coffs Harbour, Tamworth City, Armidale, Hamilton Red Stars, Adamstown, Weston, Highfields Azzurri, Belmont Swansea, Maitland, West Wallsend, Lake Macquarie and the newly formed Central Coast Association

No glimmer of happiness was apparent on the scene It was now too late to do anything other than go along with the new season as reconstructed

The resentment and divisiveness was strong from many clubs and it was apparent that many of the secular arguments and opinions were a long way from being over Clubs would continue to pressure strongly for the repeal of rules and regulations which they considered important to their very survival throughout the 1982 season

The competitions were however, off and running

State First Division

After the arguments of the close season regarding the composition of State First Division, it was inevitable that there would be comparison between those clubs which had been part of the former State League and those which had come from the former first Division Maitland and Highfields Azzurri and, to a certain extent, West Wallsend, had been dominate forces in the 1981 First Division and speculation was inevitable as to the standard (or otherwise) of the newly formed League and which clubs would become fore-runners The Federation received much criticism in admitting the newly formed Central Coast Association to State First Division and travelling with two teams by road instead of one team by air, had already removed Lismore City's application due to cost, and the gaining or reserve grade strength was causing concern at Armidale, with only weeks to go to the start of the competition, the Armidale and District Soccer Association was denying the use of dual registration for Armidale's local Clubs

The problem was finally solved but, unfortunately, not before many of the players who were good enough to play for Armidale, had made up their minds to remain at local football level for the season It was a problem that was to affect Armidale's short season in State First Division, trouble loomed ahead for the club

In the early weeks of the season, the conjecture between the two grades of 1981 that had married to form three 1982 State First Division was laid to rest Both of the former divisions had the strong and the weak in the 1982 competition Armidale and Tamworth just couldn't get their act together and Armidale received some terrible battering in the early weeks of the season, Tamworth were stronger opposition but lacked the finesse that makes teams and clubs successful and it became obvious that the club was not about to repeat its March to the State League Preliminary Final of 1981

Central Coast Association had started off the season with a traumatic 6-1 defeat welcoming it to State First Division Football at Lake Macquarie but, within weeks was to hold the strong Adamstown team to a 0-0 draw at Gosford. West Wallsend, preliminary finalists in the 1981 First Division made a terrible start to the season, losing three and drawing two of its first six matches. Happily for the Bluebells the tide was to turn and once turned, the Club was to ruminate by seasons end, just what might have been possible but for a shocking start.

Two other clubs made "Shocking" starts, but in this case, the shock was on the former State League Clubs. Within 6 weeks the joint undefeated leaders of State First Division were Highfields Azzurri and Maitland which had taken over where they left off in 1981. With more than a Quarter of the Premiership gone, optimists were tipping that Azzurri, Maitland and Weston were the class sides with Belmont Swansea, Lake Macquarie and Hamilton Red Star the only other chances for a Semi Final at seasons end. Adamstown were in the horrors in the bottom half of the table with very little wrong with its team except the simple fact that it just couldn't score goals, only 6 goals coming from its first 6 matches, four of which had resulted in draws. The Optimists were terribly wrong.

The round played on Sunday 2nd May, saw chinks appear in the armour of the top two as Tamworth stole a point from Azzurri in a hard fought 2-2 draw at Tamworth Showground and Adamstown battled its way to yet another 1-1 draw against Maitland. Weston in third place on the table, couldn't make any headway with a 1-1 draw up at Coffs Harbour, and so Sunday May the 2nd was marked as the major turning point in the competition. Lake Macquarie unfashionable and unfancied, was about to make its mark. The season up to that date when Macquarie drew 1-1 at Johnson park, West Wallsend had not proved anything "out of the Box" for Lakes. Its 6 matches had produced 2 wins, 2 draws and 2 losses.

Consecutive losses to Belmont Swansea and Maitland and a draw with Adamstown had tended to place it in the "run of the mill" bracket. On Sunday the 9th May 1982 Coffs Harbour striker, Kim Laidler, scored a consolation goal for his side in Lake Macquarie 4-1 win at Speers Point. It was an insignificant goal but one that was to become memorable over the next 10 weeks. The event was memorable because Lakes did not concede another goal in that period and, strangely enough it was Coffs Harbour in the second match at Coffs Harbour Showground which managed to dent the Lakes defence when Barselaar scored for Coffs - once again only a consolation goal for his club as Lakes marched on with a 3-1 win.

Lake Macquarie successes were not built on defence. There were tight matches in that time but twin strikers Kerry Caban and David Simpson were proving more than a match for opposition defences. That mid-season consistency, in the final analysis, was the solid foundation for Lake Macquarie first Minor Premiership win for many years, by seasons end for all there were some late season Premiership staggers.

Lake Macquarie, by virtue of that mid season run, did not rely on anyone else to do it favours. There was no need to await the outcome of vital results between others to gain ground.

The crashers were starting to come. Highfields Azzurri visited Maitland on the 16th May and goals from Captain-Coach Neville Power, and Victor Hogan sealed a 2-1 win with John Cowburn getting the lone goal for Maitland. Maitland joint leaders at that time were never to recover, and Belmont Swansea the very next week visited Maitland and crashed 4 goals past a bemused and bewildered side. State First Division, however, was going through a major upheaval. On Sunday 9th May Armidale forfeited its match at Whitebridge Oval against Highfields Azzurri.

Armidale had informed the Federation, in the week leading up to the match, that it was having difficulty fielding sides and requested a deferment. The Federation denied the deferment and Armidale, which could possibly have fielded on team, and a scratch one at that, were fined \$200 compensation to Azzurri and warned that any non-appearance by two teams thereafter would result in immediate expulsion from the competition.

The following week Weston visited Armidale and thrashed its hapless hosts 7-2 and 7-1 in the two grades and it was plain that Armidale's spirit was sinking fast. Armidale's next match was at Lake Macquarie on Sunday 23rd May and on Friday the 21st Armidale notified the Federation that it could not get sufficient players to travel and would have to forfeit. The Federation Board had no hesitation in removing Armidale from the competition at the following Tuesday evening's Board meeting to protect its competition and Armidale's playing record was removed from each Club which had played it.

The Directors of the Federation were mindful of the problems which Armidale had faced with dual registrations of players and hoped that the shock of expulsion might jolt local complacency.

There were many involved in local Football in Armidale who believed that if Armidale United died there would be nothing to offer their local talent in the future. Money was not the problem. With the hope of the future in mind, Directors suggested to Armidale and its State First Division Clubs that, in lieu of a bye, all Clubs proceed in friendly matches with Armidale as per fixture lists, for the second round.

Desperate Armidale Officials chartered a plane and flew to Newcastle in an attempt to keep their club alive. The proposal for Armidale to play friendly matches was to founder through lack of interest and, although some Newcastle Clubs did make the journey to Armidale, it was with a gross lack of interest and the strongly competitive Newcastle Clubs could hardly be blamed. Friendly matches are not the material of a hard fought season and Armidale showed the same reluctance to travel to Newcastle. It was the end of a chapter and a club.

The competition certainly was tough, Azzurri found the weeks lay off against Armidale very costly as Weston, the visitors the week after, tore the Highfields side apart 4-1. Azzurri's recovery was momentary at Belmont Swansea a week later with a 2-1 win and, the same day Maitland slipped further down the table with a 1-1 draw, to follow its 2 consecutive defeats, at West Wallsend. That result did not surprise anyone in Bluebell territory.

Westy were also shooting up the table after consecutive wins over Tamworth City, Central Coast Association and Adamstown.

There was no doubt now that Weston and Lake Macquarie were the two to watch out for. On Sunday 30th May with Highfield Azzurri holding a slender one point lead at the top, Weston and Lake Macquarie faced each other at Weston Park.

It was Lake Macquarie which was to carry the day with a 1-0 win in unusual fashion and kept the local heads shaking in disbelief for some time. Weston's right fullback, Russell Mansley, scored an own goal from at least 45 meters, his high lob catching Weston Goalkeeper Robbie Lassance totally unawares, to give Lakes two vital points.

The week after, Saturday June 5th Highfields Azzurri visited Lake Macquarie for a top two showdown and goals from David Simpson and Greg Baldwin gave Lakes a 2-0 victory and the leadership for the first time.

The June long week-end saw Lakes move further ahead as Azzurri could only manage a grim scoreless draw with West Wallsend while Lake Macquarie had a handsome 3-0 win at the Central Coast. Adamstown still in the doldrums, took a 1-0 home defeat at the hands of Weston at Adamstown Oval and Rosebuds had mustered only 7 goals from its first 10 matches, its defence having conceded only 9 goals in 10 matches was the most impressive in the division. Be that as it may, Adamstown still languished in seventh place. The weekend after, Sunday 20th June, Rosebuds could no better as a Kerry Caban goal in the dying stages gave Lakes a 1-0 win at Speers Point, that particular round providing West Wallsend, after such a good run, with a shock 2-0 defeat at Coffs Harbour. Happily for Adamstown things were about to improve.

On Saturday 26th June, the goal shyness was overcome as John Macquarie (2), Carl Lochrin (2) and Glen Ray hammered five past Central Coast without reply. If Adamstown scoring five in one game was a shock that day, it was overshadowed completely up the valley at Cooks Square Park, East Maitland where the home side, Maitland without a win for 7 matches, took high flying Weston to the cleaners 3-0 with Weston Doley, Graham Bull and Gary Mungoven doing the damage in the goals column.

Highfields Azzurri was still hanging on at the top but Adamstown was to change all that when the two sides clashed at Whitebridge Oval the first week in July. Rosebuds added three more to the five scored the previous week and with Lake Macquarie smashing six past the inconsistent Maitland, the leaders now had a clear 3 point break over Highfields.

and five points over third placed Weston Belmont Swansea up one week and down the next, had hovered around fourth and fifth place all season but, regrettably for it, were only beating the lower teams on the table

When the crucial clash came invariably the Bel-Swans just weren't proving as good as the best With a 2 0 defeat at Weston in the first week in July left the club a consolation prize of a semi final position to aim for with West Wallsend, Maitland and Adamstown the other contenders Lake Macquarie, Highfields Azzurri and Weston were the only three on current form, left in the race for Premiership honours

By July 11th, even a three way race looked to be a bold prediction as Lakes surged further ahead with a 1 0 win at Belmont Swansea while Weston were held to a 1 1 draw at West Wallsend and Azzurri for the second time in 1982 found Hamilton Red Star a stumbling block After a 2 2 draw on Anzac Day in front of a crowd estimated at 2,500 at Whitebridge, Azzurri could not make amends in the second round at Mayfield Park and went down 3 2

On Saturday 17th July, Lake Macquarie had a vital home match postponed with Maitland due to wet weather and the next day Weston began to catch its prey with a 6 1 holding off Coffs Harbour

The following week end the target became that bit more elusive again for the Weston Club when it visited Mayfield Park and stumbled to a 1 1 draw with Hamilton Red Star

By Saturday 29th July, the competition was down to do or die battles for Premiership and Semi Final positions, Azzurri, still in the running for the Premiership crashed again, this time to old rivals Maitland by 4 1 at Whitebridge Oval Adamstown's run of successes came to an abrupt halt with a 0 0 draw at home with West Wallsend and Belmont Swansea, too, remained well in the semi final race with a 3 0 win at Tamworth

On Sunday 8th August, Highfields Azzurri bowed out of contention with a 4 0 defeat at Weston Park and Maitland lost a vital battle 2 1 at Belmont Swansea The do-or-die battles were providing upset after upset as teams jockeyed for the top four With few matches left, Lake Macquarie were favourites for the Premiership, but the odds took a tumble on Sunday 15th August, when Weston upset its applecart with a 2 1 win at Speers Point Adamstown after being a goal down for most of the match against Red Star at Adamstown Oval, scored two in the last 10 minutes through Jim Foley and Phil Ridley to keep its semi final hopes alive as did Belmont Swansea with a 2 1 win over rapidly receding Highfields Azzurri Maitland, after a season which promised much more, said farewell to its semi final chances with a 4 1 home defeat by West Wallsend which in turn did its chances the world of good

On Sunday 22nd August Lake Macquarie faced Highfields Azzurri at Whitebridge Oval The prize for a win for Lakes was the Minor Premiership Lakes still had a deferred match

to play against West Wallsend while challenger Weston, had completed its fixtures the day before with a nail biting 3 2 win at Central Coast

Overnight, Weston had topped the League by a point Azzurri needed to win to have any chance of a semi final position and the goal was just sufficient to spur Azzurri to a shock 1 0 win with Victor Hogan getting the goal that mattered The Premiership now hung in the balance between West Wallsend and Belmont Swansea at Johnson Park was perhaps the force that tipped the scales Westy with a 1 0 win, ensured itself of a semi final spot and completely removed Belmont Swansea from contention

Perhaps the attitude of Westy may have been different as it faced Lake Macquarie at Speers Point in the final premiership match for both clubs on Sunday 29th August, as it still had to qualify for the semi's Lakes, a point behind Weston, had one comforting thought It didn't have to win Its goal difference was superior to Weston so just a draw would do

Lakes and Westy played a 0 0 draw in a match that never reached any great heights and it was a jubilant Lake Macquarie Coach, Wayne Leary, who greeted the final whistle Adamstown, whose late season burst had cornered fourth position found the effort too much and bowed out of the Final series the following week at Edgeworth, with West Wallsend having no trouble winning 2 0 in the Minor Semi Final The Major Semi Final, which followed, was a thriller as Weston, determined to salvage something from the season, gave Premiers Lake Macquarie a tremendous fight The match would have done credit to a Grand Final The following excerpt is the account printed in the following weeks Federation match programme.-

"Sate First Division Preliminary Final"

LAKE MACQUARIE V WESTON

Lake Macquarie's players must be kicking themselves Their Major Semi Final counterparts from Weston will surely have been buying lottery tickets all week and hoping that good luck and good fortune last a little longer than the approximate 2 hours last Sunday at Edgeworth

In an incredible sway of fortunes last Sunday, Wayne Leery and his men have only themselves to blame for having to face West Wallsend in this Preliminary Final At one stage last Sunday it looked a certainty that this Preliminary Final would be the lot of Lakes, 2 0 down in the second half against Weston and then down to 10 men when Michael Boogied was sent off, the odds looked incredible However a slack and unusually inept Weston defence failed to shut the gate and the depleted Roosters battled back to 2 1 and then 2 2 with only minutes left The rampant Kerry Caban slammed home his hat trick to give Lakes a memorable lead, but, unfortunately Lakes just couldn't hold out, hard though the 10 men battled, Weston substitute Graham Taylor, slammed one home to make it 3 3 Even then it seemed that Lakes had produced a memorable performance to even take an apparently once lost cause to penalty kicks

It was strange at that moment that the crowd regarded Minor Premiers Lake Macquarie as the underdog and it plainly had the sentiment of the crowd when Weston missed its first two penalty kicks while Lakes netted its first two. Then it all slipped away again as Weston netted the next three and Lake Macquarie failed to beat Robbie Lassance with the next two.

As Lakes Coach Wayne Leary stepped up for that last vital kick the situation had become a heart stopper. His well struck kick was beautifully saved by Lassance and Leary must have felt the unhappiest and loneliest human being on earth as he turned to face his dejected team. So Weston proceeded to a Grand Final appearance that has almost become its right over the last decade. Coach Derek Thompson, could well afford to be optimistic none the less if his side could play that badly and achieve its aim then has entitled to feel things can only go better, and not worse, at the International Sports Centre next Saturday afternoon.

The general consensus of opinion all season among State First Division watches is that Lake Macquarie and Weston would fight out the Grand Final.

No one else was granted anything but a slim chance of upsetting the top two applecart. Yet Lakes must now do it the hard way against West Wallsend's side which has given very little away in the run to the end of the season. They must also do it without stopper Michael Boogard who will serve at least an automatic one match suspension for being sent off early in the second half of the Major Semi Finals. It could be a suspension that will cause Leary one heap of worry as he chooses strengths of the Macquarie side this season. A wayward temperament which has seen him in trouble on countless occasions looked to have been curbed by his responsible unruffled displays this season.

Boogard started the season under suspension and his final settling in to Macquarie side after the first 4 weeks of the season was the final key that cemented a defence that became invincible for a 10 match run in which Macquarie did not concede a goal. He will be sorely missed and on that point alone the chinks are there for the West Wallsend side to exploit.

"The chinks are there for West Wallsend to exploit"

Prophetic words indeed as the two sides faced each other at Macquarie Field in the Preliminary Final. The Minor Premier looked to have the match sewn up until Westy fullback Darrell Fenwick stormed through in the Final few minutes of the match. His equaliser eventually took the tie to penalties. Nervous Lakes again completely blew it as it had done in the Major Semi Finals against Weston, and West Wallsend won the penalty decider 5-4 and earned the right to meet Weston in the Grand Final at the International Sports Centre the following Saturday.

One had to sympathise with Lake Macquane after its magnificent fight back at the I S C was an event to be forgotten. Weston and West Wallsend just never got to grips with entertaining football. N B N televised the second half of the match live and, regrettably, the game was not a good advertisement for local Soccer. Weston won a dour battle 2-0.

The full 1st Division point score was

Lake Macquane 29 Weston 29 West Wallsend 25 Adamstown 24 Highfields Azzurri 23 Belmont Swansea 22 Maitland 21 Coff's Harbour 18 Hamilton Red Star 13 Central Coast Association 10 Tamworth City 6

Belmont Swansea officials Andy Harrower (left), Sid Smith (centre) and Jim Bellamy (right) show how to relax (and what with!) at the end of a hard day at Blacksmiths Park.

Mayfield Under 19 team finished up the season as Minor Premiers with a playing record --

22 15 5 2 35 13 35

However Mayfield were subsequently disqualified and the Minor Premiership awarded to West Wallsend after a check of team sheets and registrations revealed that Mayfield had played over-age players in all games except two

1981

As with State League First Division was to prove very controversial before the end of its 1981 Season. The argument is to whether State League or Division One was to represent the true standard of soccer in the North was to continue unabated throughout 1981 with disastrous results for many First Division clubs before the commencement of the 1982 Season.

Perhaps the argument which best represented the unbiased viewpoint was the one which stated that both State League and First Division had its share of excellent clubs and teams. However (went the opinion) there were some poor sides in both which helped to make mockery of the standards of both Leagues.

Certainly First Division could expect that Highfields Azzurri, Lake Macquarie, West Wallsend and Maitland would prove to be the Clubs to beat in 1981 with Hamilton Red Star, Cessnock and Mayfield in contention. On paper alone, Kurri Kurri, Belmont, Cardiff, Dudley and West Lakes could not hope to consistently trouble their more redoubtable opponents.

So it proved from the kick off on the opening day of the Premiership on Sunday 22nd March. The odd shock was to be

forthcoming from the lesser lights, as one of the leading lights struggled through a bad patch but never a tangible effort where the unsuspected was achieved unexpectedly by the light weights.

In retrospect one shock result was achieved at Maitland on the second round on 29th March when Mayfield's Kevin Lagerstrom, Brad Stewart and Ken Boardman's goals sunk Maitland 3-1. At that stage the result was not unexpected from what was a strong Mayfield squad. In just five short months the winner was to slip away quietly into the depths of Second Division and the loser was to appear in its second successive Grand Final.

Maitland were to struggle in the early rounds of the Premiership with a poor string of results which robbed them of any right to challenge for the Premiership. So too were West Wallsend who were to receive the second heavyweight v lightweight shock on Saturday 4th April at Rathmines where Kevin Riley, the Westlakes captain-coach, capped off a happy day by scoring the lone goal of the match to sink the Bluebells.

So a pattern was established where one could just about predict a "shock-a-week" in Division One. To predict where it was going to happen was the hard part. Highfields Azzurri and Lake Macquarie seemed immune from the failures of their fellow heavyweights and were to play consistently week after week and establish a sizeable gap between themselves and the rest of the Division by the end of the first half of the Premiership. In retrospect, it had been a sad quirk of fate which drew them together at Whitebridge Oval on the opening day of the season. Azzurri had proved triumphant 2-0 with goals from Mick Webber and Matt Godsell but such an important clash, had it been foreseen, would have perhaps been a better final act than a curtain raiser.

On Saturday, 11th April, it was Maitland still struggling for form, which dropped another point at Dudley in a bad tempered match off the field where Maitland's Coach, Neil Townsend, was cited to appear before the Federation and a dressing shed aftermath brought players to the same notice.

The following day, April 12th, saw the other side of the coin in an excellent game of football at Crystal Palace between Hamilton Red Star and leaders Highfields Azzurri where, in a ding-dong battle, it became hard to keep track of the scoreline as the nets were given a work-out by both sides in a 5-4 thriller with Azzurri having its nose in front at the right time with Ashley Star and Slav Catalovski getting two each for Red Star and Ross Lawrence getting two for Azzurri along with single efforts from Matt Godsell, Mario Bazaar and an own goal from Larry Urdarov.

On Good Friday, April 17th, it was West Wallsend's turn to suffer at Dudley where Gary Kent's lone goal sent Ray Lloyd's boys home pointless and raised more than a little speculation as to whether Dudley had made the leap from lightweight to middle weight class.

Easter Saturday was to see Maitland fail yet again in a match they could ill afford to lose, if they were to continue with any dreams of Premiership success, when Highfields Azzurri visited Cocks Hill Park, East Maitland and took two points in a 2-1 victory with Victor Hogan and Mark Vailone getting the important goals.

On Easter Monday Hamilton Red Star gave evidence once again, that if it was goals you wanted to see you could do worse than follow them around when a large crowd watched a 3-3 thriller at Lymington Park, Cardiff where the home side believed that Ray Magill's two goals and one from Englishman Andy Tate were enough to take the points. Red Star, however, fought right to the very end and deserved a point just for the entertainment value if nothing else.

The following week saw the end of Dudley's challenge after such fine results in its two previous matches and it was sheer fate which pitted them at this moment in its third tough match in a row when it visited Speers Point and, despite a hard battle dropped the points in a 3-2 defeat with Brett Gilbert, Neville Hamilton and Danny Harper scoring for the home side.

West Wallsend continued to stagger and John Bullocks goal was nowhere near enough when a determined Maitland visited Johnson Park to win 3-1 with two goals from Doug Ephick and one from Graham Bull doing the damage for the visitors.

The gap between the top two and the rest was to become very pronounced after Sunday, 3rd May when Lake Macquarie made it two home defeats in two weeks for West Wallsend with a 3-2 win. Highfields Azzurri romped in 6-3 at Cahill Oval over the luckless Belmont and Maitland, after the improvement at West Wallsend let another point slip through its grasp when Andy Tate's goal saw Cardiff leave with a 1-1 draw.

Maitland's woes were not yet over. Brett Gilbert's lone goal for Lake Macquarie at Speers Point the following week and a shock 2-2 home draw with lowly Belmont the week after that were to see Maitland have only the consolation of a semi-final berth to aim at. Happily for the Maitland club, the rest of the season was to be a far different story from that moment on.

West Wallsend were to recover at much the same time. On Sunday 10th May Kurri Kurri were the first to feel the sting of a side that had gained new determination with Baldwin, Adam Durkot and a Sepp Disch hat-trick swamping a lone effort from Charlie Harper to the tune of 5-1. The following week, Cessnock were rarely in the match at Johnson Park and the Bluebells, with a 2-0 victory, looked to have turned the corner.

There was to be just one more curve on that corner as Westy visited Crystal Palace on Sunday 24th May, and received a 3-1 jolt from Hamilton Red Star. The Bluebells, after such a muddled first round, faced unbeaten league leaders Highfield Azzurri

28 which had progressed 9 matches without defeat, indeed without dropping a point, on Saturday, 30th May, and really put it together. Azzurri had no answer to a 4-0 hiding with Bogden Duma (2), Sepp Disch and Steve Coultis getting the goals that counted.

In a high scoring last round of the first half of the Premiership Cessnock blasted Kurri Kurri 5-2. Maitland visited Westlakes and won 7-2 and Hamilton Red Star found that involvement in high scoring matches was O.K. - as long as you were doing the scoring. Not so good if you weren't at Lake Macquarie where Kerry Caban netted a hat-trick in a 4-1 victory over the Stars.

At the half-way mark, the lower half of the division had settled into a hard battle for survival with Cessnock, Westlakes and Hamilton Red Star always looking as if they had done enough to chase the semi-final positions and keep their collective heads above water. Not so at Dudley Belmont Kurri Kurri, Cardiff and Mayfield. Unless one could find a run of consistency, they would all have to fight against relegation. At this stage the only points that they were picking up were from battles between each other.

The first round of the second half of the Premiership on Monday June 8th saw the two at the top, Highfields Azzurri and Lake Macquarie, clash at Speers Point. It was a victorious Azzurri which departed with the points in an emphatic 3-0 victory with goals from Captain-coach Nev Power (2) and Ross Lawrence. It certainly looked that Azzurri, with that victory, had claimed a tremendous break on Lake Macquarie in the quest for the Premiership and that Macquarie now had the job ahead of them to catch up.

Whether Macquarie could have done, or would have done was immediately to become a hypothetical question. The following evening, Tuesday, 9th June, Edgeworth were put out of State League and, by Thursday, Lake Macquarie had accepted Edgeworth's second top position and had transferred competitions.

The Board of the Federation was now faced with a dilemma. What to do with Edgeworth? The final decision when handed down was greeted with dismay by the First Division clubs. Those at or near the top wanted not a bar of Edgeworth vying for the Premiership or semi-final positions and those which were relegation viewed Edgeworth as an 'escape clause' in their part cular chances of First Division football in 1982.

After long discussion, the Board of Directors decided to swap both Clubs in entirety and Edgeworth took over second top position in First Division and Lake Macquarie's positions in the other grades as did Lake Macquarie in the Edgeworth positions in State League and Alliance League.

The Federation viewed the fact that Edgeworth had all Clubs to play except one, Highfields Azzurri, and therefore Azzurri's chance of Premiership prizemoney could not be affected by Edgeworth. Similarly, if Edgeworth had started with nil points and the points from Lake Macquarie's campaign been allotted to the clubs that they had beaten, then every club in First Division except two would have received two points. Azzurri's closest rivals would have therefore been elevated two points nearer.

There was mention of giving Edgeworth the opportunity of making the Club play out its fixture list as friendly matches and accepting certain relegation to second Division at the end of the

55

11-159

season

In retrospect and with the benefit of hindsight it is more than probable that a Federation Board was desperately giving one of its more notable clubs of previous years, a chance to overcome the trauma within the Club that was bound to be created by loss of status in such a fashion.

Despite the protests from other First Division Clubs, the Federation's decision was final and the assurance was given that should Edgeworth appear in the top four in any grade at the completion of the Premiership, then a play-off would be staged between the fourth and fifth placed teams for the right to appear in the Minor Semi-final.

Conjecture and speculation with regard to Edgeworth's chances did not last very long at all. On Saturday 14th June Edgeworth took the field at Lymington Park, Cardiff, against Willie Gallagher's Cardiff side and were vanquished 2-1 in a hard and torrid encounter which saw the Tigers pull out all the stops against the more illustrious Edgeworth outfit. Carl Lochrin and Dale Rowney's goals bringing much joy to Cardiff and adding profuse quantities of fuel to the fire as to the relative qualities of State League v First Division - especially as Lake Macquarie made a smooth transition to State League on the same day by beating Wallsend 2-1 at Speers Point.

On that same traumatic weekend for Edgeworth, any bookmaker would have made a fortune on the First Division results as they trickled in to the Federation Office. League leader Highfields Azzurri had failed to capitalise on Edgeworth's failure and had lost at home to lowly Kurri Kurri with Ross Lawrence's two goals proving insufficient to counter those from Tommy Sneddon. Gary Palmer and Bruce Quinn in a shock 2-3 defeat Maitland could only struggle to a 1-1 draw at Mayfield Park with the home team which had just seen Captain-coach John Clinton transferred to Adamstown Rosebuds.

West Wallsend were in the screaming horrors yet again this time at Cahill Oval where bottom placed Belmont saw them off quite comfortably with coach Warren Bergquist and Tony Avellis netting in a 2-1 victory. Just to round off an eventful series, Crystal Palace was the scene of another goal avalanche this time with Cessnock the visitors in a 4-4 draw with Ashley Stair (2). Tony Colic and Peter Catalovski scoring for Hamilton Red Star while Steve Allen and Tommy Butler, with a hat-trick were the entertainment providers for a sizeable crowd.

Maitland and West Wallsend were to gain immediate retribution the following weekend with 4-0 and 3-0 victories over Westlakes and Hamilton Red Star respectively. Azzurri too were to regain the winning trail at Bellbird with a 3-1 victory over Cessnock while Edgeworth, more than a little thankfully, was allowed time to lick a few wounds when its match with Belmont was postponed due to the state of the ground. The trauma had indeed afflicted Edgeworth with experienced mid-fielder, Trevor Smythe, transferring to Belmont-Swansea and the Georgeff brothers, Stace and John, departing for Hamilton Red Star.

It was a crash of spirit within a club which was to cost them further as they visited Rathmines on Saturday 27th June to face Westlakes which with goals from Duncan Moore and Gambrill gave it a 3-1 football lesson. Once again Azzurri failed to capitalise fully and dropped a home point to Hamilton Red Star in a 1-1 draw the following day. West Wallsend and Maitland were after such muddled seasons, beginning to question whether their proverbial bolts had been shot or whether, indeed, they were still in with a chance of Premiership honours as they both had victories on the same weekend.

Saturday 4th July, gave Maitland the chance to resurrect an outside chance when it visited Whitebridge Oval to face the league leader. Alas, for Maitland the chance went begging or

Cloud Ept...
Mario Ba...

Edgeworth finally nailed its first victory in First Division with a 1-0 win over the troubled Mayfield club at McLaughlin Park with a hat-trick by Smiths two goals at long last after a dreadful month giving Eagles something to smile about.

Saturday 11th July Azzurri stagger yet again when Ross Lawrence's hat-trick could only ensure a point in a 3-3 draw at Cardiff the only relief for Azzurri being that neither Maitland or West Wallsend capitalised as the two played out a 1-1 draw up at Maitland. Lowly Belmont appearing certain for relegation were determined not to go without a fight and completely 'snowed' Hamilton Red Star 4-0 at Cahill Oval on the same day. Only 3 points now separated the bottom five teams in First Division and with two to be relegated you could take your choice of Kurri Kurri, Belmont, Mayfield, Dudley and Cardiff.

The gap between the five was to be cut to 2 points after next week's round of matches with Dudley and Kurri Kurri going through agonies in a 3-3 draw that just wasn't enough for either of them. Belmont found it very difficult to make the 'bomb land in the same place twice' and were torn to shreds, 4-0, by Azzurri and Cardiff despite a great effort found Graham Bull's solitary goal too much up at Maitland.

Edgeworth again were to bite the dust with a 2-0 home defeat against derby rival West Wallsend.

There was too, very little breathing space for Edgeworth which was rapidly finding itself involved in a battle for a minor semi-final position as it visited Maitland and was sunk yet again with a Wayne Leary goal on Saturday 25th July. West Wallsend now in second position but still four points behind Azzurri crushed a woeful Kurri side 8-0 with Bogden Duma getting 5 of the goals and Sepp Disch a hat-trick. Belmont battled its way out of the bottom two for the first time in a long time with a 2-1 win over fellow struggler Cardiff leaving Kurri Kurri and Mayfield holding the trapdoor positions. Cessnock and Hamilton Red Star, carefully watching Edgeworth's demise laid claims for that vital fourth position with resounding 5-0 and 4-0 victories over Dudley and Mayfield.

With only three weeks left to go the battles at the top and the bottom were making a mockery of form and Azzurri dropped another vital point when Paul Smiljenic's two goals along with one from Ken Boardman breathed new hope into Mayfield when it attained a shock 3-3 draw. Kurri Kurri fought out a grim 0-0 draw with Edgeworth. Cardiff scratched a 3-3 draw with Westlakes and only Belmont, whipped 8-0 by a determined Maitland, seemed unable to make impact on the proceedings. There were still only 2 points separating the bottom five teams and now three of them Belmont, Dudley and Mayfield were all together in second last position separated only by the narrowest of goal differences.

On the last full Premiership Round on Sunday, 10th August

the results of all the effort were clearly known. Highfields Azzurri claimed the Minor Premiership, and the Club Championship with a 0-0 draw with close rivals West Wallsend. Maitland steered its way safely into third spot with a 3-1 win at Westlakes. Hamilton Red Star, with a last ditch 3-2 win over Edgeworth carried the right to face Edgeworth in a fourth placed play-off. Cessnock, which had looked certain all along to force its way into contention, had received a shock defeat at the hands of relegation battler Kurri Kurri with a 1-0 scoreline. Belmont forced Mayfield to say goodbye to First Division with a 4-0 victory at Cahill Oval and relegation now rested between Dudley and Kurri, both of which had deferred matches to play the following weekend.

Neither could have picked tougher opposition for their last desperate finales. If Kurri could beat Maitland then it survived. If Azzurri could do Kurri the favour of beating Dudley it became an academic exercise as Maitland, eager to leapfrog West Wallsend into the major Semi-final position won 2-1 at Kurri.

The 4-1 defeat for Dudley just didn't matter. Kurri and Mayfield were relegated.

The play-off for fourth place saw Edgeworth reverse the score-line of its last encounter with Hamilton Red Star, in a match which Hamilton Red Star sportingly agreed to play on Edgeworth's ground. Edgeworth had also had to battle its way into the lower two grades minor semi-finals and had to face play-offs in the other two grades - winning through in both.

Regrettably the Under 19 grade was now to provide further controversy. Mayfield's Under 19 team which had apparently won the Minor Premiership to provide the only bright spot of 1981, for a disappointed club had to face allegations of playing two average players. The Federation had no option but to remove Mayfield from the competition and award the Minor Premiership to runners up West Wallsend. Mayfield however refused to take the Federation's decision without appeal and by the time the matter was resolved the Under 19 major and minor semi-finals had been badly delayed.

When the two semi-finals were finally set down in mid-week at Edgeworth's ground in order to provide an Under 19 Preliminary Final with the First and Reserve Grade the following weekend, further controversy reigned because of a refereeing error which saw Edgeworth awarded the tie against Cardiff after the scores had been deadlocked after extra time. During the taking of penalties to determine the winner, the Referee decided that Cardiff could no longer win and took the teams off the field. However, the penalties had been miscounted and after the referee realised his mistake an attempt was made to get both teams back onto the field to finalise the taking of penalties. Cardiff however did not take the field and its subsequent protest for a full replay was denied by the Federation, which refused Cardiff further recourse to appeal and awarded the tie to Edgeworth on a point of law.

The Edgeworth Under 19 side must have been beginning to believe that winning the Grand Final was a formality! After having to go through the rigours of a play-off and then qualify for the Preliminary Final in such fashion must have convinced Edgeworth supporters it was their year. Alas West Wallsend put a full stop to Edgeworth ambitions with a convincing 3-1 win in the Preliminary Final.

The First grade Major and Minor Semi-Finals had meanwhile proceeded without the Under 19's.

On Saturday, 29th August at Stewarts & Lloyds, West Wallsend and Edgeworth battled out a 1-1 draw after extra time. The Bluebells took the lead as early as the 12th minute, when Sapp Disch slotted one home. A Peter Griffiths goal in the 30th minute put Edgeworth back onto level terms and the even tussle went to penalty kicks.

West Wallsend goalkeeper Craig Grills, made two superb saves from Chris Beatty and John Blazejevski to end any hopes that Edgeworth could gain some consolation from a season of trouble and drama and West Wallsend went on to win the sudden death penalty deciders 4-3.

Maitland substitute Bruce Murphy, playing only his second game since breaking his leg early in the season, had a large part to play in the Major Semi-Final at Edgeworth the following day. Minor Premiers, Highfields Azzurri looked firm favourites to avoid any Preliminary Final when Victor Hogan scored in the 29th minute to put Maitland behind the eight ball. It should have been 2-0 in the seventieth minute, when Hogan was brought down in the penalty area by Maitland goalkeeper, Norm Brown but Ross Lawrence's kick missed its mark.

Murphy's appearance in the 51st minute had certainly revived the Maitland side and it was his 40 metre run in the 80th minute which was to provide the winner after Weston Doley had levelled the scoreline with just 12 minutes to go.

Murphy was brought down in the penalty area and despite the protests of a disappointed Azzurri side, Steve Jones converted the kick to put Maitland straight into the Grand Final.

The Preliminary Final was played as a night fixture at Edgeworth the following Friday night, and it was to provide a disappointing night for West Wallsend which had all three grades represented. The night started off well for the Bluebells when the Under 19's recorded a 3-1 victory over Edgeworth. Edgeworth, however, gained revenge in the Reserve Grade with a 2-1 win.

The first grade match was played at a fast pace with first Azzurri and then West Wallsend looking to have the upper hand. Azzurri finally broke the deadlock with a well taken goal - and it was the beginning of the end for Westy's hopes. Still in the game and with plenty of time to go West Wallsend's George Niznik was sent off and it became a lop-sided battle. Surprisingly, Westy did get back on level terms with a penalty and Azzurri must have been wondering how many more important penalty kicks were to decide its future as Westy's 10 men battled on. Azzurri's second goal settled the game down and it drew out to its predictable close with the gallant Westy side never looking like they had the capability to pull it back out of the fire.

Grand Final day at Macquarie Field on Sunday, 13th September dawned as a day of hope for Highfields Azzurri. Like West Wallsend in the Preliminary Final, it was represented by all three grades. The effort was to prove too much.

The Under 19 final resulted in a 1-1 draw and the tie went to the agony of penalties with West Wallsend beating Azzurri by 4 to 3. The win gave the Westy Under 19 side the coveted double having been awarded the Minor Premiership after Mayfield's expulsion.

Highfields Azzurri could do no better in the Reserve Grade turning in a very uncharacteristic display to go down 3-0, to an Edgeworth side which had only qualified for the final play-offs after a surprising defeat by Belmont over Westfakes in the final round of the season.

11-161

Azzurri now faced the horror of losing all three in a Grand Final which was a repeat of the controversial Grand Final of 1980 against Maitland which had seen a disgraceful on field and off field brawl which had resulted in several suspensions. The match was to be controlled by long-serving Referee Bill Jones, who was retiring after more than 400 first grade matches. It was indeed firmly controlled and with last year's debacle firmly in mind the match perhaps never attained the high entertainment value that both sides could provide on their day. Highfields finally gained some honour from the day with a 2-1 victory through Matt Gosdell's and Joe D'Accione's goals to the lone reply from Ian Purcell.

The win was a personal triumph for Azzurri Captain-Coach Nev Power in his first attempt at Coaching a First Division Club.

DIVISION TWO

There was very little doubt in anyone's mind before the season commenced that Austral United and Doyalson RSL would prove to be the teams to beat.

Both Clubs were being backed by licensed Clubs and in a Division where money was tight for many clubs there was no doubt that both teams would be strong. Austral had appointed Bob Frame as Coach but would leave the early part of the season to Eric Williams due to Bob's absence overseas. It was a factor which was to prove important as the season unfolded. Doyalson had appointed former Edgeworth striker Alan Parkinson, as their mentor.

If there was to be a challenge to the supremacy of Australs and Doyalson, it would come from Beresfield, the 1980 Grand Final winners, or perhaps the young Lambton Jaffas side, which had remained together after finishing fifth in 1980. Newly relegated Toronto-Awaba could also prove a surprise packet.

The first fixtures of the season went entirely as expected for the two favourites - but not so for their expected challengers as Lambton crashed 1-3 to newly promoted Olympic and Toronto Awaba succumbed weakly to Raymond Terrace at Boomerang Park by 2-0.

Beresfield had a scrambled 1-0 victory over what was expected to be a relegation struggler in Kotara South.

The continuation of the early rounds saw a pattern established which placed Austral and Doyalson almost neck and neck at the top of the table with a surprising interloper Newcastle Olympic, which had been newly promoted from Third Division. Regrettably for Olympic, they too were to drop quickly from the limelight after a rampant Doyalson put them firmly in their place with a 6-0 hiding at Doyalson in the fourth round of the Premiership.

Doyalson, in these early weeks, were to regret their abysmal effort on the opening day of the season at Adamstown Oval against newly promoted Third Division Champions, Cooks Hill where they had frittered away a valuable point in a 2-2 draw and had two players sent off to further increase their woes. The RSL side were to drop further behind on Saturday 18th May at Lyle Peacock Field when Toronto-Awaba held them to a 1-1 draw.

Austral however was to find that the same weekend was to reveal chinks in its armour, when they faced Lambton Jaffas at Austral Park on the Sunday. Many anxious Doyalson supporters were delighted when Lambton squeezed to a 2-0 lead at half-

On Saturday 25th July the Premiership went right back into the melting pot when Doyalson RSL, like so many teams before them, found Beresfield's "postage stamp" ground a graveyard of high hopes and, like Lambton Jaffas just two weeks earlier, with so much to play for, went down without a whimper to 4-0 defeat.

It was hardly the dress rehearsal that Doyalson wanted for the following match which was to determine the resting place of the Minor Premiership Trophy - their home clash with Austral on Saturday 1st August.

With Doyalson 3 points ahead but conceding two games in hand to Austral, the RSL team's best chance of the Premiership was to win over their arch rivals. A hotly disputed penalty converted by Doyalson Coach Alan Parkinson gave them a mortgage on the Premiership but first Ross Milosevic and then striker Jim Bryden, put despairing nails in the Doyalson coffin for a 1-2 defeat and Austral now had the three bottom teams to play Olympic, Cooks Hill and Kotara South, needing four points out of the six for the Minor title.

Doyalson could now only consolidate its position as major semi-finalist and promotion certainty by winning its last match of the season against Lambton Jaffas at Edden Oval. This they did quite easily, 5-1.

More than a little hope was afforded Doyalson that it might still be, perhaps, a Premiership win as Olympic and Cooks Hill battled to avoid joining Kotara South in Third Division.

Cooks Hill blasted certain semi-finalist Raymond Terrace 2-1 only to see Olympic light a 3-3 draw with Austral.

The last match of the Premiership saw Doyalson level with Austral but ahead on goal difference - Austral's last match being against Cooks Hill, which had to draw to stay in Second Division. Alas, it was not to be for the battling Cooks Hill team, its despair at the 0-1 defeat being matched by the jubilation of Austral as it clinched the Premiership in such hard fought fashion.

Doyalson were to have somewhat sweet revenge by beating Austral 1-0 in the major semi-final the following week at Macquarie Field, so consigning the Premier to the Preliminary Final at Adamstown Oval against Beresfield, which had defeated Raymond Terrace in a lack lustre minor semi-final at Edgeworth by the same margin.

The Premier's nearly came unstuck at Adamstown Oval the following Sunday when Beresfield dominated the first half and romped to a 2-0 lead at half time with goals from Malcolm Calderwood and Barry Randall. A penalty brought Austral back into the game in the sixtieth minute, when Eric Williams converted after Bryden had been brought down and after Austral slowly forced its way back into the match, Bryden calmly drew the goalkeeper and pushed home the equaliser 10 minutes from the end.

Extra time saw scoring chances missed by both sides before Bryden scored a simple chance and then Eric Williams blasted home number four from 25 yards to deny Beresfield its second Grand Final in a row.

The Grand Final at Macquarie Field on Saturday, 6th September, proved to be an anti-climax. Many thought there would prove to be very little between Austral and Doyalson as, indeed, had proved the case all season.

The showpiece match of the season was not allowed to show that closeness after Doyalson's Derek Lowe lost his temper midway through the first half with former club-mate Jimmy Bryden and referee Robbie Davies had no option but to leave Doyalson with only 10 men for the remainder of the match. Despite a valiant fight by the 10 men they were never really in with a chance and it was Austral which had achieved the coveted double with an easy 4-1 victory.

Doyalson RSL achieved some consolation for the defeat with a Reserve Grade Grand Final, albeit on the sour taste of a 4-3 penalty decision, after the scores had been locked at 1-1 with Toronto-Awaba.

Lambton Jaffas were also to gain some recompense for the abject crash of its first team at the end of the season, when its U/19 side nailed the double after a 2-0 victory over the luckless Toronto-Awaba club in the Junior Grand Final.

DOYALSON R.S.L. — DIVISION TWO RUNNERS-UP (FIRST GRADE)

Back Row: B. Foster, P. Warwick, C. Warwick, G. Scarfe, D. Lowe, G. Finch.
Front Row: K. Harrison, K. James, A. Parkinson, G. Tapper, K. Rutledge.

time, through Scott Haynes and Steven Parsons and for the first 20 minutes of the second half looked to be doing it comfortably. The Jaffas then had their left back sent off for querying a referee's decision and, after Jim Bryden pulled one back, Austral snatched back a point in the dying minutes with a close range header from young Ross Milosevic, applying some tremendous pressure in the closing stages.

The Division at this stage was beginning to sort itself out. Beresfield had had an uncertain start which left them poorly placed after the euphoria of the 1980 Season and the Club and Coach Peter Vanes parted company. Reserve Grade player John Bell took over the reins and began to get immediate results. Lambton Jaffas, too, had not fulfilled the promise they had shown in reaching the quarter-final of the pre-season State Cup and had crashed abysmally in their opening two games. The Jaffas' improvement was to be slow and steady with an unbeaten run that was to take them through 10 matches, to third top position for a time and a definite promotion and a possible Premiership challenge.

Raymond Terrace, under the coaching of former Edgeworth favourite, Stuart Kamasz, were walking an inconsistent road of win, lose, draw no matter what the opposition, yet were to prove quite a surprise packet before the end of the season. Toronto-Awaba, newly relegated from First Division, was following the same path as the Terrace, under the tutelage of "Butch" Stewart who had to wean several of the Club's younger players into the first team and expect inconsistency while he did so.

Kotara South and Cooks Hill settled down to fight the hard battle against relegation with any hopes of avoiding the trapdoor to Third Division being the form of Newcastle Olympic, which slipped rapidly down the table after a good start, and the waywardness of the experienced New Lambton squad which was following the pattern of former years by never achieving the results on the field that one conceded them by looking at it's team on paper.

As the pressures of avoiding relegation or achieving promotion took shape, the Division went through a very bad period of send-offs. Several games had two sent off the field and it was becoming unusual to see a match completed in Second Division with 22 players left on the park.

It was unfortunate that many Second Division matches were refereed by not so experienced referees, for it was a very hard Division that required experience from the man in black. The Division boasted many fine players who could have played higher grades, yet too often, were they mixed in with mediocrity.

Austral had four fine English players in Derek Lowe, Les True, Jimmy Bryden and Eric Williams, a bright up and coming youngster in Ross Milosevic and later his brother, Dean, who had transferred from PSL Club, Blacktown City.

Austral's goalkeeper, Robert Cox, had figured in a four figure transfer to the Club at the start of the season.

Doyalson RSL had gained the services of Ken James and Gery Tapper from Belmont-Swansea and the experience of ex-Toronto-Awaba's Geoff Finch, gave it a strong and classy midfield that was far too good for the average Second Division Club. Doyalson had the deft touches of Alan Parkinson up front, allied with the flair of another English import, Ken Harrison, who was to prove one of the Division's most dangerous attackers. They were also to gain the services of Derek Lowe from Austral's in a somewhat bitter wrangle just before the transfer deadline.

Many of the other Clubs in the Division had a fair sprinkling of class or acknowledged talent - but, unfortunately, there were some very ordinary players mixed in with them. It became easy to pick out the danger players and in some matches they were given

close and more often than not, unfair attention. Tempers flared too quickly when the man in black was slow to comprehend what was happening and Lowe, True, Bryden, Williams and Harrison, five talented imports, were all quickly sidelined with suspensions very early in the season. Some of those suspensions were definitely deserved, but some were very much the fault of the man in the middle, who had no understanding of what was happening off the ball and needed to see violence before his very eyes to take action, without having the understanding of how or why it had got that far. The Referees Association were doing their level best to put experience into Second Division, but the pressures elsewhere were, of necessity, ensuring inexperience was present far too often.

Opposing Coaches, when faced with such an array of talent against them, did not do their part for the game either, in instructions to their players. It can best be summed up by the attitude of one coach, one afternoon when, after watching one of the "Pommies" removed along with his player, in the second half patted his smiling player and gloated to his companion, "they didn't want to lose him, that'll hurt".

So the Division was a strange mixture - and to point out the anomalies of the preceding paragraphs, a Club that had the

most to struggle and fight for... matches when the pressure to avoid re... was easily the best behaved team in the League

Saturday 30th May provided happiness for Austral and despair for Doyalson RSL, when the two leaders clashed at Austral Park in a vital battle. The final score line read 2-1 in favour of Austral but reality on the park did not indicate that closeness of score. The Australs did it in handsome fashion and were clearly supreme long before Doyalson's last minute consolation goal.

The following Sunday 7th June, was to provide another body blow to Doyalson when Lambton Jaffas were the visitors. Lambton, after losing its first two matches to what were to be relegation candidate Olympic and New Lambton, had proceeded through the rest of the round unbeaten.

The Jaffas teenage midfield of David Pezely, Scott Haynes and ex-KB Youth Player Steve Parsons, played to instructions and gave away the centre of the park to Doyalson's vastly experienced trio and made sure that they were always goalside of their opponents. A despairing Doyalson trudged off at the end defeated 1-0, after having 90% of the game and every inch of the field except the 20 yards in front of Lambton's goal.

It looked as if the Premiership was tightly sewn up by Austral United as they streaked away at the top of the table, leaving a healthy gap between themselves and Doyalson.

However strange and unpredictable things were happening at Austral Park, which were to unsettle its team and more importantly its spirit. Stopper Derek Lowe wanted to leave to go to Doyalson RSL and player-coach Eric Williams wished to be relieved of the duty due to loss of personal form. The Club approached ex-PSL Coach Brian Deakin to fill the breach until Bob Frame's return and he quickly enlisted the services of local favourite Bobby Cameron. As so often happens to many Clubs under new management (and for no earthly reason) Austral's crashed.

On Sunday, 14th June they met a New Lambton side which played way above itself and slipped to a confidence-sapping 1-2 defeat at Edden Oval. After losing Lowe, who was to turn out for Doyalson, the same day against Cooks Hill, a hastily reconstructed defence was further torn apart by injury to a full back. Then came a memorable bullet header from New Lambton's Russell Schott which no one could ever forget and the 2-0 leeway for the League leader was just too much to win back despite a desperate battle.

The relegation position was also becoming clearer and Cooks Hill raised hopes with a 5-2 win over Olympic only to be sent reeling the week after with a 4-1 defeat by New Lambton. Kotara South by late June had no chance of avoiding relegation and with New Lambton seemingly determined to do only as much as was necessary to keep its nose in front of ultimate danger, Olympic and Cooks Hill looked set to battle it out to keep away from the dubious honour of joining Kotara South.

Austral, in the last week of June, beat Toronto-Awaba 3-1 to continue their march at the top with regained confidence and the rapidly improving Beresfield side which had done so well under John Bell, was stopped dead in its tracks on the Pasadena Crescent ground by hoodoo team Raymond Terrace to the tune of 3-1. Beresfield were to finish the game with only 9 men, but had been well out-manoeuvred by Terrace long before those desperate moments.

As July dawned, it certainly looked as though it was Austral to be Premiers, Lambton Jaffas or Doyalson RSL to join it for promotion and Raymond Terrace and Beresfield to fight it out for fourth position. It looked that clear cut - but had anyone been making book they would have won a lot of money.

Austral, once again with bewildering uncertainty was proving that your own worst enemy could be yourself. With rumour abounding that Bob Frame was back and taking over from Deakin and other rumours to the contrary, that certain players would have preferred Eric Williams to continue the job he started and the only definite thing being that no-one outside of Austral knew what the true position was, the Premiership favourites staggered very badly. In successive weeks firstly Beresfield handed out a 5-2 thrashing and then Raymond Terrace conceded them a 3-0 start and then recovered to shock Austral 3-4, both matches at Austral Park. After that second defeat on Saturday, 11th July, the Premiership was very much a three-way possibility with Doyalson RSL and Lambton Jaffas very much in the fray.

It took less than 24 hours to be returned to a two way struggle. Doyalson gleefully pounced on its advantage to let Austral know they were still around by smashing a luckless Kotara South 7-1 at Nesbitt Park. Lambton Jaffas, meanwhile, were to face its moment of truth at Beresfield's Pasadena Crescent, and, after being well aware of its future chances due to Austral's defeat on the Saturday, turned in a pathetic display in an incomprehensible 7-1 crash.

The League table on that Sunday night was very lop-sided with Doyalson having a 5 point lead over Austral which had two matches in hand. Beresfield were third and Terrace were fourth. Lambton having fallen to fifth, but with two matches in hand over Beresfield and one on Raymond Terrace.

The following Saturday 18th July, Lambton removed themselves from any content on of promotion with a 3-2 loss to Austral at Edden Oval and Doyalson and Austral congratulated themselves on certain promotion and settled down to fight it out for the Premiership.

The unexplainable was still about to happen. Beresfield, in such great form, were lucky to leave Adamstown Oval with a point from relegation struggler Cooks Hill, and Raymond Terrace were to follow the pattern, dropping a home point to Lambton.

DIVISION THREE

The story of Division Three in 1981 was the success of Jesmond. After teetering on the brink of relegation from Division Two for several years and gaining reprieve for one reason or another until 1980, the Rams finally had a measure of success within the Club which had eluded them since the early seventies when they were known as Jesmond-Wallsend R S L.

Despite the Club's relegation at the end of the 1980 season a nucleus of Division Two players was retained and the experience of Greg Skelly and Ian Jeans among others, was to serve them well in a hard Third Division campaign.

Despite an unbeaten Premiership record and an impeccable Grand Final win, Jesmond did not have things its own way throughout the season. A third of its matches ended in draws and more than one opponent was to cry "lucky Jesmond" as the unbeaten record was kept intact a little fortuitously on more than one occasion. The Rams proved one thing, which does not apply solely to a Premiership aspirant in Third Division, but is an adage at any level of football - if you want to win Premierships, it is not getting beaten on your bad days that provides success.

Jesmond certainly had that knack. At their peak, the Jesmond players were the best combination in the League with only Garden Suburbs, University and Central Coast, the other three semi-finalists, able to rival them.

Indeed it was Garden Suburbs who removed the Jesmond unbeaten tag in the Major Semi-Final at Blacksmiths winning an exciting tussle 3-2 after extra-time - and fully deserved to do so. It was a different, more determined Jesmond however, which Garden Suburbs faced in the Grand Final on the same ground a fortnight later - and hard though Suburbs battled, Jesmond were just too good.

University and Central Coast never really got into the hunt for the Premiership at any stage of the season and Central Coast were fortunate to be there at all, only managing the honour on goal difference, over a luckless South Cardiff side - indeed the margin on goal difference was equal, but the Coasties qualified by virtue of having scored more goals.

For the rest of Division Three the season was a disappointment with all efforts being directed towards survival from relegation, rather than a major hope of success.

Marks Point, newly promoted from Division Four, had a creditable season of consolidation and finished in mid-table while Stockton, Charlestown United and Swansea Workers all had, by their own previous standards, very poor seasons.

Charlestown United at one stage, looked certain to join obvious wooden spooner, Gosford Rangers, in Fourth Division football, but commenced a tremendous fight in mid-season which saw the Club to safety.

Swansea Workers, which had always had a strong combination worthy of respect in previous seasons, slumped dramatically, and had to battle all season to escape the bottom two positions without ever succeeding.

Gosford Rangers, had its third season of struggle and had to accept the inevitable, very early in the season, that it was bound for Division Four.

The struggling Clubs had some consolation from the 1981 season with Marks Point and Swansea Workers dominating the Reserve and Third Grade competitions.

DIVISION FOUR

The Fourth Division Competition became a real cliff-hanger throughout 1981. The top six teams in the Division were separated by a mere three points after the final Premiership round. At certain stages of the season it appeared that one club was certain to win it. Next weekend after a bad result that same Club could become outsiders! A topsy-turvy League which eventually provided Rutherford as the eventual Minor Premiers with a total of 24 points - the smallest number for a Premier in a 10 team competition in living memory!

Rutherford lost points in eight of its eighteen matches. Merewether which finished sixth in the lower half of the table lost points in only 10!

Another unusual point in the Division was provided by the Kearsley Club which ended in one of the relegation positions without conceding more goals than it scored for a goal difference of nil. Wallsend United and Technical College which finished just one point ahead of Kearsley had goal differences of minus 16 and minus 18 respectively.

Kearsley in fact were very much the leveler amongst the top sides in the latter part of the season in a valiant attempt to avoid relegation and provided several shock results in matches with Premiership aspirants.

Kahibah, Greta-Branxton, Muswellbrook and Charlestown Hotspurs all vied for promotion with Rutherford at one stage of the season with Muswellbrook looking near certainties at one stage only to be hauled back into the pack.

Controversy surrounded the final Premiership round with the situation as tight as a drum when Warners Bay forfeited to Muswellbrook. The resultant 3-0 victory to Muswellbrook saw it finish level in points with Charlestown Hotspurs and Merewether but gain the coveted fourth semi-final position with goal difference exactly the same as Charlestown Hotspurs of plus 10. However, Muswellbrook qualified by virtue of having scored more goals - 40 to Hotspurs' 30.

The placement led to angry protest from Hotspurs - to be beaten by a forfeit was a tragic thing and Hotspurs reaction was understandable. Unfortunately, as the rules stood, nothing could be done. Greta-Branxton and Kahibah both of whom watched their Premiership chances slip badly in a lack-lustre draw with each other in a vital end of Season match, won their respective semi-finals, Kahibah against Rutherford and Greta over Muswellbrook.

Rutherford found the elusive double, truly elusive, and bowed out after a hard fought Preliminary Final while victors Greta-Branxton proved that Grand Finals can be won the hard way by defeating Kahibah in the Grand Final at Lymington Park.

Charlestown Hotspurs gained some consolation from their first grade's trials and tribulations by winning the Minor Premiership in both the lower grade competitions.

1981

1981 will be noted as the year in which South Walisend finally made it. After two seasons of always looking as if it would carry off a Premiership and crashing horribly in the final rounds success finally arrived.

Even then it only got there by the heart-stopping margin of one point when at one stage the victory looked assured by the proverbial Street.

There were valiant pursuits from Tomago Eagles and Cardiff Railway - a very commendable one by the latter after a very poor start to the season. Railway which finished only 2 points behind South Walisend had the astonishing defensive record of only 15 goals conceded on its 20 matches. In a division in which high scores were commonplace it was an astonishing statistic.

Singleton, Thornton Park and Newcastle East all vied for a top four position at some stage of the season with Singleton finally managing to claim the berth in what became a battle

rather than an easy target as, throughout the season, the Club had promised much more.

There was never much doubt about the wooden spooners with Elmore Athletic failing to win a game throughout the season leaving Lambton Rangers and Barnsley with the dubious honour of battling to avoid re-election to the Federation. Barnsley which had a reasonable reserve grade side, avoided re-election by the expedience of a massive win over luckless Elmore Athletic and so created a favourable goal difference though finishing level on points with Rangers.

The other two Clubs, Nelson Bay and Cardiff Workers both were in a "no-mans land" situation for most of the season.

South Walisend also carried off the Minor Premiership in Reserve Grade to achieve a well-earned double - the Reserve Grade Competition being a very tight affair with only 3 points separating the top seven teams.

Bears sink Westy's hopes of ending soccer drought

By ALLYN HAMONNET, Soccer Writer

The light rain, which fell at the International Sports Centre on Saturday afternoon seemed to reflect West WallSEND's fortune in losing 2-0 to WestON the Northern Soccer Federation (NSF) State first division grand final.

The rain was not through the rain but it did fall late in the afternoon and it was the first grand final since 1961 but could not and its 19 year dry spell of premier ships.

Second half goals by John Turnbull and David Sweeney wrapped up yet another WestON premiership, its sixth in first division since 1971. It also won last year's State League grand final, a NSL competition which lapsed this season.

As he has done so successfully joining the Bears' first grade in the early 1970's, Turnbull presented the opportunity with the ability to punish lapses.

At the 69th minute was when the escapee up a pass slipped loose in the West fourth four, carried the ball

into the penalty area and found the net high in the corner to give WestON a 1-0 lead.

Six minutes later he sealed the title for WestON with another piece of poaching, this time on the right wing. His low cross into the penalty area found David Sweeney with space to volley home the second goal.

In the dressing room after the match WestON coach Derek Thompson described the win as 'satisfying' and paid tribute to Turnbull and central defender Ian Hannan.

Turnbull could not remember his tally of goals in grand finals but none were more satisfying than Saturday's, he said.

For Hannan, 23, it was the second time in as many seasons that the Englishman had given a mighty grand final performance. Last season a Hannan goal gave WestON a 1-0 victory over Stewarts and Lloyd.

A tribute should be paid to the West WallSEND players. While the standard of Saturday's match fell well below expectations, the West

camp had no excuses to cover its disappointing display.

The players conceded they were not equal to the day's task. They had disappointed themselves as much as the crowd of 4517, which was the largest grand final crowd since in five seasons according to NSF officials.

The criticism was not completely warranted. With so much depending on the game's outcome grand finalists seldom show top form and Saturday's match was simply a product of pressure and two teams that hold healthy respect for one another.

Westy had its moments. The best of the day was in the 12th minute when striker Brett Baldwin rounded two defenders and hit a blistering drive which rebounded off the crossbar. Both WestON and West WallSEND camps said after the game that things would have been different had Baldwin scored.

Apart from that West WallSEND answered the second WestON goal with a stirring comeback that was short-lived but in which WestON striker Russell Mansley preserved his team's lead with a goal line clearance.

David Sweeney scores WestON's second goal in the 2-0 Northern Soccer Federation grand final victory over West WallSEND at the International Sports Centre Saturday.

1982 second division point score and Premiership results are as follows

Doyalson Wyee RSL were the Premiers and so won the right to promotion for the 1983 season. But through an internal dispute within the club, withdrew from the Federation at the end of the 1982 season

The point score was

Doyalson Wyee RSL	34
Cardiff	25
Wallsend	25
Cessnock City	24
Edgeworth	23
West Lakes United	23
Belmont	20
Austral United	19
Dudley Redhead	13
Mayfield United	8
Kurri Kurri	8

Toronto Awaba Major Premiers 1982

DIVISION THREE

Third Division was hard-fought every inch of the way Raymond Terrace and Toronto-Awaba always looked capable of becoming Minor Premier and it was Terrace, under Captain-Coach Kevin Lagerstrom, which snared the honour by 3 clear points over the 22 match programme.

Kotara South, University, Lambton Jaffas and Cooks Hill had always looked capable of challenging for honours but both Lambton Jaffas and Cooks Hill had shocking second halves to their season and eventually fell out of contention into fifth and sixth position respectively.

Beresfield United, which had finished the 1981 season so powerfully, never lifted in 1982 and finished in the lower half of the division with New Lambton, Jesmond and Garden Suburb while Newcastle Olympic, after a surprise 2-0 win over Toronto-Awaba in May, didn't win another match and finished at the bottom of the League by a long way.

Kotara South was beaten 3-2 by University in the Minor semi-final at Edgeworth and Raymond Terrace downed Toronto-Awaba 2-0 in the major semi-final. Toronto had no problems in securing a rematch with Raymond Terrace in the Grand Final. The standard of football in the Third Division Final Series had been surprisingly high but the Terrace v Toronto-Awaba Grand Final was to put even that high standard to shame in a thriller of a Grand Final which thoroughly entertained those who were fortunate enough to watch it.

The Grand Final itself started out quietly enough and it was no shock when Terrace, rated the stronger of the two sides, went to a 2-0 lead mid-way through the second half. Toronto had other ideas and, after pulling back one goal inside the final 10 minutes, scored the equaliser with only seconds left for play. It was two extremely tired teams which battled through extra-time and it was Toronto-Awaba which found the energy and the net to upset all the odds, score twice in extra-time and win 4-2. Forty minutes prior to that final whistle no-one could have envisaged that final scoreline.

DIVISION FOUR

There was never really a serious challenge to Rutherford's supremacy and the leadership of Division Four throughout the 1982 season. South Cardiff and Merewether had their moments but with Rutherford dropping only 7 points in the 22 Premiership matches it was a tall order to expect anyone to threaten the overall supremacy of Gosford Rangers, (which was to eventually reach the final four).

Stockton and Muswellbrook had all threatened at times, to make so much more of their Season's endeavours while the two Charlestown, Hotspurs and United along with Marks Point and Grata-Branxton, had been more concerned with keeping away from the relegation zone rather than take any vital part in what was happening above them.

Kahibah and Swansea Workers had miserable seasons and finished in the bottom two positions.

The Final Series went exactly as one would have planned with Rutherford defeating South Cardiff in the major semi-final. On a blustery, windy day at Austral Park, Gosford Rangers outmanoeuvred Merewether in the Minor Semi-Final.

South Cardiff scored a late winner to down Gosford Rangers 3-2 in the Preliminary Final and the rematch of the top two in the Grand Final was one-way traffic as Rutherford set out to make no mistakes in capturing the double.

DIVISION FIVE

The Division Five Premiership was the province of two Clubs in 1982 - Tomago Eagles and South Wallsend. Both Clubs were extremely well matched with rarely a point or two between them at the top of the League. Five other Clubs, while never matching the consistency of the top two, were a very close match for each other and Tech College, Cardiff Railway, Kearsley United, Nelson Bay and Thornton Park had a tremendous joust between themselves for the coveted third and fourth position which were finally claimed by Tech and Cardiff Railway on the final day of the season.

Tomago Eagles finally managed to just shade South Wallsend to win the Minor Premiership and then Southie struck back to win the Major semi-final 1-0 and relegate Tomago to a hard-fought battle with Cardiff Railway, narrow 3-2 winners over Tech. Tomago eventually triumphed 2-0 in the Preliminary Final and the top two in the Division fought out an entertaining Grand Final, marred by a broken leg sustained by Chris Miles, the South Wallsend Goalkeeper, before Tomago managed to win the double.

hard to match

THE remarkable run of success achieved by Weston Soccer Club came in catching eight premierships and grand finals in the last 10 seasons, has, once more, given rise to the question as to whether it has the best record of any club in Northern Soccer history.

It is a claim hard to resist but one which will not be settled to everyone's satisfaction. There have been a number of times when a club has been top dog for an appreciable period to the argument as to which club has the best record can go on and on.

However, no club in the 93 years since the North's first club was formed — Minmi Rangers in 1889 — has for 10 successive seasons so dominated local premiership finals as has Weston.

In the 10 seasons since 1969 Weston has appeared in eight grand finals with success in six of them.

Four of the finals were won in following years — record could be more impressive. 1971-72-73-74 — and the team lost only narrowly in a replayed final in 1975. It also won in 1969 and 1977.

It is certainly a most impressive record and probably unequalled in local soccer anywhere in Australia. It won again in 1915-17, 1920-21, 23-26. Its

However, the reclusive team was the Ellis Cup in 1916-1900-01-02 and in 1919-21-23-26 and the Kerr Cup in 1918-19-20-22-24-25.

However, it is West Walsend's remarkable run of success in the prestigious Gardner Cup, symbol of State championship status, that seems to give it an edge.

The cup, presented by Mr W. S. Gardner, a Sydney businessman, for an annual State-wide knockout competition was highly prized. It was contested for from 1888 until 1928 when a breakaway in the code caused the competition to be abandoned, but not forgotten.

Teams from the North played in 18 and won 12 of the 42 finals and were losing sides in eight. West Walsend's teams won the trophy six times and lost in three other finals.

Adamstown is the only other Northern side to win the Cup more than once, its

It is without doubt a fine record for any club to display on its honour board. But it can be fairly argued it is not sufficient to assert it to be the best of any club, at any time, in the North.

It is difficult to go beyond West Walsend when bestowing such an accolade. Records from other States are not complete in that they do not record happenings until some years after competition play began but surely no club's record could be more impressive.

Formed in 1889

West Walsend won its first Northern competition in 1897 and followed it with success in each of the next seven seasons. It won again in 1915-17, 1920-21, 23-26. Its

Tom Sinclair, Tommy Coates and Billy Smith were in the finals in 1921-22-23 and then made way for younger players. Three who played in the five finals (1921-22-23-24-26) were

Claris and Jack Coultis and Henry Maunders. Bill "Poddy" Maunders, Di McLaughlin, Harry "Butcher" James and Frank Coolahan played in four of them.

The record is probably without parallel in Australian club soccer but was gained in an era a half-century before Weston began its great run so it is difficult to compare them. Perhaps those who argue as to which club in the North has the best record will agree Weston is top in soccer's modern era while West Walsend was, in its time, a veritable colossus which other sides felt some what short.

As to which team would win were it possible to match them now . . . but that is merely giving reason for further fruitless, but most interesting, argument

successes being in 1909 and 1923. It lost to West Walsend in 1926. The only Northern team to play in two finals was Minmi Rangers, which won in 1892 and lost in 1893.

West Walsend first won the cup in 1900, repeated the success in 1901 and lost in 1902.

The club's great run of prominence began in 1919 when it lost, 3-1, to Balmuir Fernleigh which included such great players as Alan Fisher, Dr Porter and Fred Yabsley.

West Walsend defeated Granville, 3-1, in the 1921 final and lost, 1-0, to Granville in 1922. Then it won three of the next four finals, it defeated Sydney, 1-0, in 1923 after three drawn matches. In 1924, West Walsend defeated Woomera, 3-0, and, in 1926, defeated Adamstown, 2-1, in the final at Hobart Park.

A remarkable feature of West Walsend's prominence in the cup competition from 1919 to 1926 was that it relied on only 18 players in finals. That it had to use even so many was caused by the retirement of some stalwarts. As an instance, the fine centre-half, Dick Sneddon, played in only one final winning side (1921) before calling it a day.

Tom Sinclair, Tommy Coates and Billy Smith were in the finals in 1921-22-23 and then made way for younger players. Three who played in the five finals (1921-22-23-24-26) were Claris and Jack Coultis and Henry Maunders. Bill "Poddy" Maunders, Di McLaughlin, Harry "Butcher" James and Frank Coolahan played in four of them.

The record is probably without parallel in Australian club soccer but was gained in an era a half-century before Weston began its great run so it is difficult to compare them. Perhaps those who argue as to which club in the North has the best record will agree Weston is top in soccer's modern era while West Walsend was, in its time, a veritable colossus which other sides felt some what short.

As to which team would win were it possible to match them now . . . but that is merely giving reason for further fruitless, but most interesting, argument

RAYMOND TERRACE - DIV. 3 GRAND FINALISTS

THIRD DIVISION

The 1983 competition without a shadow of a doubt belonged to Beresfield. They led from start to finish and were undisputed minor and major Premiers. They won 18, drew 1 and somehow were beaten five times to finish with a final tally of 49 points - 10 points clear of second. They scored an amazing 69 goals and conceded 25. A very impressive set of statistics indeed.

Leading their charge was David Randall who notched 21 goals for his side. A great deal of credit must go to coach Ken Gabriel, who kept their momentum at a peak even though they were streets ahead of their rivals. Also it should be noted that behind every successful club is a strong committee and this I believe was a major factor in their success.

However, Beresfield apart, the bulk of the competition remained close to the end. I say 'bulk' because from a long while before the end Jesmond and Olympic knew their fate. The points

table shows that only two points separated 4th from 9th, so overall the standard was fairly even.

Some teams began the season well, but faded toward the end, and were guilty of inconsistency. I speak of Kotara South and New Lambton who, at the end of May, were 2nd and 3rd respectively. Both played a similar brand of football and both Eugene Antoni (Kotara South) and Darryl Regan (New Lambton) must be slightly disappointed in their final standings of 8th and 9th respectively.

As these two faltered, we saw the emergence of South Cardiff, who slipped into second spot and proved very hard to unseat. Raymond Terrace were always going to make the top four by virtue of the fact that they had more games in hand than their opponents, and two of these were against the hapless Newcastle Olympic.

FOURTH DIVISION

A very successful season in Fourth Division in 1983 resulted in the promotion of Stockton and South Wallsend to the Third Division for 1984

Stockton was by far the most successful club in the Fourth Division, winning both the Minor and Major Premierships, in what was the club's 10th anniversary year. The race for the Minor Premiership was one of the closest for many years in any Division, with only three points, or one win, separating the first five teams. Indeed, Stockton figured in a three-way tie on the top of the table with South Wallsend and Tomago Eagles on 39 points, and only Stockton's superior goal difference of 27, gave them the Minor Premiership.

The 1983 season saw many fine performances by several clubs, with the top five clubs all turning in creditable efforts.

As mentioned earlier, 1983 was the 10th anniversary year for the Stockton club, and they are to be congratulated for the fine booklet they produced to celebrate the event. With ideas like this and a progressive committee to back up their on-field performances, the next 10 years should see a successful era for the club from 'over the bridge'.

Although their first grade side wilted towards the last few matches of the premiership, they had too big a lead during the season for any side to overhaul them. At one stage, Stockton lead the field by 10 points and to finally only capture the title by goal difference must have been slightly disappointing.

One can cite several reasons for the loss of form over the latter part, but perhaps two major factors could have been complacency and loss of players through suspension.

The club provided two of the Division's top four goalscorers, namely Paul Christie and Ian Stirrat who, between them, notched more than half of the side's total of goals.

FIFTH DIVISION

One of the best performances by any team in the Federation's 10 Divisional competitions was handed in by the Fifth Division's Minor Premier, Nelson Bay. The Bay side was defeated only once in 18 games -- a loss record equaled only by Second Division's reserve grade Minor Premier Cardiff.

Nelson Bay managed to score 70 goals from just 18 games, which bettered Beresfield's first grade in the Third Division as the Federation's leading goalscoring side.

Also, John Cole, from the Bay, was the Fifth Division's

leading goalscorer, banging in 25 goals for the season, with a massive tally of seven goals in the last premiership match.

Nelson Bay's dreams of winning the double were shattered though, when first, Cardiff Railway, eventual Grand Final winners, and then Kearsley United, bundled them out of the Carlton and United Breweries Final Series. However, the tremendous performances by the Bay realised their promotion to the Fourth Division in 1984 and they should give that competition an almighty shake.

KEARSLEY UNITED - DIV. 5 GRAND FINALISTS

Also promoted with Nelson Bay to Fourth Division was Cardiff Railway, who won an exciting Grand Final clash with Kearsley United at Weston Park to become 1983 Major Premiers. In fact that win was the first time a game between these two sides had not finished in a draw for the previous five years. The experience of players like Danny Roberts and Graham Holland proved invaluable to the Railway side in 1983, and they too, should perform well in 1984.

R.A.A.F. Williamstown came with a "wet sail" over the concluding stages to grab third spot on the ladder and tip the much more fancied Thornton Park out of the semis. The enthusiasm of the players from the "Base" no doubt counts a long way towards the success they achieved, and although being bundled out of the semis by eventual Grand Finalist, Kearsley, they can be justifiably proud of their results over the latter half of the season.

Perhaps the best result Kearsley United achieved all year was their 4-0 hammering of Nelson Bay in the Preliminary Final. Although finishing some 10 points adrift of the Bay at the Season's end, they completely outclassed their more fancied rivals to reach the Grand Final. No doubt the club will be looking eagerly towards 1984.

Thornton Park were very disappointing over the concluding stages of the season and missed out on a top-four berth by three points, eventually edging out Tubemakers for fifth position by goal difference.

Peter Convery appeared to have the leading goalscorer's title wrapped up for the second time in succession, until he missed the last match through suspension and Cole grabbed those amazing seven goals.

The late burst by Tubemakers augers well for 1984 particularly when one considers it was a newly-formed club. Two of their players, Mark Forshaw and Brett McDonald finished in the Division's top five goalscorers, a fine effort considering the side's position on the Table. Indeed, Tubemakers were the Division's second highest scoring team, but their defence unfortunately did not match that of the teams above them.

Lambton Rangers and Cardiff Workers both had indifferent seasons, with Rangers' Steve Lewins showing up as a bright prospect, grabbing a third of his club's total of 32 goals for the season. Mention must also be made of the effort of Darrell Smith from Cardiff Workers, who contributed 10 goals towards his side's lowly total of 24 for the season.

The Singleton club had a disastrous season, winning only two of their 18 games. Indeed, Singleton have withdrawn from the Federation's competitions for 1984, and unfortunately it may be a while before that area is represented in the N.S.W. Divisional competitions again.

The poor effort of Elernore Athletic in not managing a win, or at least a draw all season must have been a bitter disappointment for all concerned with the club. But Elernore is approaching 1984 with much optimism, so a better showing is expected.

The Fifth Division Competition for 1984 seems to be one Division that will be in for radical changes as far as clubs competing is concerned. With Singleton dropping out and many Suburban League teams nominating for the Fifth Division, an interesting season is in store. All the best to those clubs competing.

NOTE: At the time of writing the make-up of Fifth Division for 1984 had not been finalised.

PRESIDENT'S REPORT

The new season marks the Centenary Year of Australian Soccer. But before we contemplate what it will bring, let us review briefly the 1983 season in Northern N S W.

While there were conflicts between some member clubs and the Board of Directors, the advantages outweighed the disadvantages overall and some progress was made.

On the playing field, the triangular Central Coast-Weston-Adamstown race for the minor premiership created interest right up to the week before the semi-finals and it is now history that Central Coast Association took the honours in only its second season as a member of the Northern N S W Federation.

But Weston, after three defeats at the hands of Central Coast, had its revenge with a convincing 3-1 win in the Grand Final in extremely unpleasant weather conditions.

Weston also added the 1983 Club Championship and the Reserve Grade title to its long list of achievements.

Cardiff too, had an outstanding season, taking the Second Division Minor and Major titles and Reserve Grade Premiership to add to the Grand Final win it recorded in 1982.

The successful staging of the Westbury Cup was another feather in Cardiff's cap.

Newcastle United, with its future in doubt well before the season began, confounded its critics to finish in fifth place in the National League Championship.

Its Youth team won the Grand Final, while its Under 18 team won the Rosebud Cup to end a creditable year.

Few major sports can survive in today's economic climate without financial backing and the Federation is extremely grateful for the support it received for most of the season from Tooth & Co., from Carlton and United Breweries for the Grand Final series on September 24, and from the Adamstown Rosebud Club for sponsorship of the Under 18 Championship.

On the representative scene, the Northern N S W Under 18 team failed in its bid for the 1983 Australian title in Canberra.

But the Under 16 team exceeded expectations when it brought back the National pennant from a tough series at the Royal Australian Navy establishment, HMAS Cerberus, at Frankston in Victoria.

The "Meet the Qualifiers" nights were successful and will probably be repeated, while the Annual Presentation Night was considered to have been the best on record.

Progress is being made with the Northern N S W Soccer Council. Clubs will benefit from the Treloar ball agreement and the installation of the Federation's computer should begin to show its advantages by mid-season.

It is becoming increasingly clear that the administration of soccer generally is undergoing complex changes.

Marketing, sponsorship, promotion in terms of advertising, electronic facilities and legalities are becoming more dominant factors in the day-to-day running of the code.

This means that, in the long term, officials - especially those at Board level - will need to possess some kind of relevant qualifications to keep the Federation on a steady course of progress.

Without their skills and a measure of diplomacy, the Federation's future is not so clear cut.

O G WILLIAMS
PRESIDENT 1983

NORTHERN NSW SOCCER FEDERATION LIMITED

SECRETARY'S REPORT 1983

Mr Chairman Ladies and Gentlemen

I am glad in a way that I have the opportunity to give this report because modesty might prevent the previous incumbent from telling the whole truth - that the Federation has recovered from the mess it was in two years ago and is well and truly headed in the right direction.

It is passing strange that many club administrators do not realise the extent to which the present board has changed things for the better. Obviously there are problems but, by and large, they are not attributable to the shortcomings of the board and certainly not to the executive of which I was not a member until recently.

In 1983 the Federation achieved sponsorship for the first time in many years. Our chief sponsor was Tooths and the value to the Federation was no less than seven thousand dollars. This was chiefly in the form of product sponsorship but that seven thousand dollars exactly matched the Federation's profit for 1983. In 1984 the Federation Directors confidently expect a sum of at least similar proportion in sponsorship. For the first time in our history we should have sponsorship from a firm which carries a great deal of clout with the media particularly television and which is endeavouring to break into a new market.

Also in 1983 we purchased a computer which is fast becoming the focus of attention among the soccer States of Australia. A demonstration of programs developed by Newspeak with whom we have an agreement, will be given at the next A S F meeting. It is confidently expected that sales of programs will be made not only within our code but to bodies in other codes and other sports. It takes a certain far sightedness to make a decision to spend the sort of money that makes this possible. Ernie Lamb and Ken McNeil are the men who must get the credit for it. You will get the benefit in two ways: increased efficiency at our registered office and an actual financial saving overall. The computer not only has the capacity to store information and feed it through a print-out machine, it can actually produce the matrix for the production of our weekly match program. That is another way in which you as club administrators will benefit.

In Ken McNeil you have the best treasurer this Federation has ever had. His keenness and energy are evident in the spate of changes you have seen in our accounting. He has turned the Federation from an accounting and financial shambles into a thriving business which has come to the rescue of two clubs who were on the brink of disaster. The clubs may have been struggling to pay their debts, but they paid them, and promptly.

It is largely due to the effort of Ken McNeil that our last Presentation Night was acclaimed as a huge success by the president of the A S C Sir Arthur George. He was most impressed. You may not have been impressed when you were levied ninety dollars for tickets. But ask yourself whether you would appreciate being the only club in attendance when you were on stage to accept your award on presentation night. The well-organised clubs make a point of going. It is a matter of pride to them to be well represented. Ken McNeil is determined to keep the other clubs up to their obligations.

The establishment of our Soccer Council, although it took time and many frustrations, was seen by the rest of the Australian soccer States as a model for others to follow. Whether or not it functions as intended is largely up to the organisations it represents. At the moment, the Federation is the only body to have provided finance for it. But the fact is that finance from the Department of Leisure, Sport and Tourism is available only through the Council and that is a powerful lever, one which is likely to ensure co-operation in the future. Ken McNeil who changes regulations about as often as he changes his underwear is largely responsible for the formulation of the rules governing the Council though he is not the representative of the Federation on that body.

Clubs were sad to learn that Narelle Dean wanted to get away from the variety of cares and tribulations that go with being a worker in the Federation office. She has an able replacement in the form of Paul Whittingham though his duties and those of Helen Lewis have been varied so that they are both in new roles. Paul, now the Secretary, has the misfortune to attend the regular board meetings, something which Narelle managed to get out of a long time ago. Helen is already mastering the computer and we hope to have Paul trained at that machine too.

One of the important changes in the footballing side of the Federation involved the loss of two clubs which had qualified for First Division in 1983. The subsequent reduction to ten teams proved a boon to the clubs in two ways. Most of them were able to strengthen their first grade sides by recruiting from the displaced clubs. Tamworth was an exception. Mantland actually started with an impressive line-up but had a miserable season. However all clubs benefited from having to pay fewer match bonuses and from the reduction in travelling by the withdrawal of Colts Harbour and Doyalson. Their collapse was historical. In the past we have lost clubs from the bottom divisions rather than the top and this phenomenon brought a new aspect to administration.

The difficulties experienced by Newcastle United over the past two years have still not been solved. But it is worth noting that your Federation was able to come to their aid at a time when there was absolutely no prospect of help from either the A S F or the N S L. The assistance given was vital to Newcastle United, but also it was good business on the part of the Federation.

There are more problems ahead for clubs. One is the likelihood of saturation viewing of soccer with the advent of O-28 to Newcastle next March. It will have two effects. First, it will tend to cause a fall in crowds at our matches and second, it may well cause a reaction from NBN 3 and a consequent further effect on gates. Those are conjectures and it is hard to be too down-hearted about seeing a minimum of seven hours a week of soccer from O-28.

Another source of concern is the prospect of Saturday afternoon shopping in 1984. It will tend to make clubs look at Sunday games both for playing strength and for gates. With job opportunities so scarce it would be entirely out of character for some of our players to refuse work on Saturday afternoons. Again the prospect of Saturday afternoon shopping is likely to make Newcastle United look closely at Sunday matches - another daunting prospect for the first and second division clubs.

Another highlight of the past two years has been the appointment of a coaching director and the gradual development of the network that makes his duties possible. Firstly, through the Coaches Association of which he is also the director, he has set up courses throughout the State. Again, through associations operating under the banner of the Amateurs, he has been able to work extensively in places like Wauchope and Port Macquarie.

This year, for the first time since 1976, Northern NSW won the national Under-16 Championship, appropriately enough at H M A S Cerberus in Victoria - the scene of the 1976 triumph. Two years ago the Federation was without a director of coaching. We now have Jim Foley working full time in that position as befits an Australian soccer State. Queensland has more than one coaching director, we may have more than one in the coming years but we have made a start.

The North West Senior Soccer Association, formerly known as Tamworth City, has remodelled itself on the lines of Central Coast Association, whose inclusion in State First Division was greeted with savage criticism from some quarters. Let me stress that we need clubs like North West S S A if we are to boast a State First Division just as they need us if they are to provide an outlet for their talented youngsters.

Let me pay tribute to those well administered clubs that met all their commitments promptly in 1983. We don't have as many dragging the chain as we used to simply because the current administration is efficient enough to keep them up to the mark. Good administration and good soccer go hand-in-hand.

Let me also commend to you participation in both the Westbury Cup and the pre-season competition for Divisions 1 and 2. People who set out to do something positive for soccer and for themselves should be praised for their enterprise.

I wish all clubs and the hard-working committeemen who run them a successful season in 1984. On behalf of the board, thank you.

A. TREDINICK
Secretary 1983

LIFE IN THE TOP DIVISION

When tragedy strikes early and there is a quick recovery, life goes on much as before. When it strikes late and there is no chance of recovery, life can be pretty grim. For some of the sides in the 1983 competition, tragedy struck many times and continued without let up.

Let's get down to cases.

Sponsorship by Tooths brought the 1982 season to a successful climax. But almost immediately random breath testing and the booze bus took its toll of licensed clubs so that Doyalson RSL, who had ploughed a great deal of money into soccer in a bid to make first division, suddenly withdrew from the code completely. The dispersal of their assets were to benefit several other first division clubs. That was the good side of the picture. On the other hand, soccer's image suffered through the loss of another leading club. Coffs Harbour and Doyalson had both gone from a league which was starting to look something like a statewide concern.

Four first division clubs started off badly and continued for the rest of the season in much the same vein. The clubs were the 1982 minor premiers, Lake Macquarie, Hamilton Red Star, Tamworth and Maitland. Lake Macquarie did put on a spurt towards the end of the premiership but they failed to make the majors. For Maitland, it was a continuing nightmare. On paper they had a fine squad with good prospects of finishing at least in the top half of the table. After three rounds they were last, having scored one goal and conceded ten. At the halfway point they had tallied only six points from two wins but at least they had climbed off the bottom of the table. Here was a club in real difficulties. A rift in the committee had split them into two clubs and there was discord between the Magpies committee on the one hand and the players and coach on the other.

Lake Macquarie was only three points ahead from three ins at that time. Kerry Caban was their leading scorer on four goals though he had thirteen at the same juncture in the previous season.

At this stage, Adamstown was leading the table with Weston in second spot and Central Coast third. Nobody would have cared to predict the winner of the minor premiership at that stage. There was a distinct similarity in the goals for and against among the top three. Each club had a goalscorer. John J. Turnbull, Paul Corbett and David Sweeney were vying with Ross Lawrence for the honour of topping the list though none of them proved to be the eventual winner.

The crowds had been good enough to encourage the first division clubs to feel there was some benefit in having a ten-team competition. Belmont Swansea, in particular, was drawing well at this point though they were never among the tall poppies. Maitland wasn't faring so well but, altogether, it was one of those seasons they would probably wish to forget. Actually, they had conceded fewer goals than Lake Macquarie but they just could not take their chances. Not at any stage of the season did they get a player into the leading goalscorer's list. Their crowd suffered accordingly.

By the end of round sixteen Central Coast were a point behind Weston Bears with a game in hand. They had a better goal difference and they were playing confidently. The other semi-final contenders were out of contention for the minor premiership after round seventeen and the only questions left to be answered were whether Central Coast would take out the minor prize and whether they would be able to win the grand final as well. Since they had beaten the Bears in both premiership encounters they had every reason to be optimistic. Despite a loss to Adamstown Rosebud in series eighteen, they parcellled up the minor premiership.

Meanwhile, Lakes' late run had come to an end when they met West Wallsend at Macquarie Field and lost the encounter. Westy did the job themselves. They didn't need to rely on another team to put them through with a win over Lakes.

At the bottom of the state first division table Tamworth had had a miserable season, amassing only five points from five draws. They had conceded fifty one goals, more than three times as many as the top dogs and sixteen more than Maitland who were second last.

Strangely, Central Coast were second last in the reserve grade table with Tamworth City last. Both clubs were based on strong junior competitions and might have been expected to do much better but the clubs both had problems trying to get the best youngsters to travel. You can't play with one squad at home and travel away with a different one.

And so to the major premiership fixtures. Central Coast, Weston and Adamstown were very much on a par in terms of defence but Central Coast had the edge in attack and appeared to have a mortgage on the grand final. Their top strikers Paul Corbett and Jim Bryden (one of the products of the Doyalson dispersal) had scored twenty one goals between them. Adamstown had two leading scorers in Carl Lochrin and John J. Turnbull whose combined tally was nineteen goals while Weston had David Sweeney and Andy John collecting sixteen between them. The fact is though Central Coast as a team had scored forty three goals while Weston had scored thirty four and Adamstown thirty-two. The Central Coast scoring machine was twenty five per cent better than that of its nearest rival.

Sunday, 11th September, was the date set for the minor and major semi-finals at Macquarie Field. Adamstown faced West Wallsend while Weston had its third tilt at Central Coast for the season.

The minor semi-final proved to be one of those personal tragedies for Craig Grills. He had enjoyed a top season but it took him only a few minutes and two uncharacteristic errors to sink Westy's chances. West Wallsend tried hard to the end and showed their legendary fighting spirit but Adamstown had the game parcelled up by half time. Derek Todd and John McQuarrie had looked good enough to give them a chance against the loser of the major semi-final.

And that turned out to be Weston, down again to Central Coast for the third time in a season. The Coasties' back line of Tony Stead, George Gibson, Peter Hamill and Wayne Maguire blotted out the Weston strikers while their own attack through Corbett and Bryden proved too much of a handful for the Bears.

Unfortunately for soccer and for Adamstown in particular, the minor semi final had seen the dismissal of three players, one of them John J. Turnbull and his automatic one-match suspension may well have killed any chance the Rosebuds had of reaching the grand final. He was sent off with two opponents towards the end of a match that had already been decided.

Edgeworth was looking a picture for the preliminary final on Sunday, 18th September. Adamstown's efforts to have John J. Turnbull cleared for the match against Weston had come to nothing and they were none too optimistic of their chances in the main game. On the other hand they were up against Maitland in the Under 18 preliminary final so they had two chances of a grand final berth. As it turned out their Under 18's dipped out on penalties. It was part of a saga which started the first time the two teams met and continued right up to that day when a penalty shoot-out was needed to get a decision. Right through the season they had struggled for supremacy without success to either side.

Adamstown had taken just about all of its chances the previous week against Westy. Today, however, they could do nothing right against Weston. Weston, on the other hand, had re-organised for the day. Dave Miller had been pushed up into midfield to make a place for young Ian Ballantyne in the central defence. They could do no wrong. From the moment David Sweeney lobbed the ball into the Adamstown net in the twelfth minute there was only one possible outcome for the match. Ian Bannon delivered the coup de grace by charging through the middle of the Adamstown defence in the twentieth minute. Curtains for Rosebud! Weston about to have its fourth try at Central Coast!

Whether it was the Weston Bears experience, or spirit or the reorganised team, nobody will ever be sure but Central Coast were no match for the Bears in the grand final. On a cheerless, windy afternoon at an inevitably windy I.S.C., Weston wiped the floor with the visitors. The crowd was disappointing and it was disclosed later than rain-deferred grand finals on the Central Coast had badly affected the Coasties' support. It wasn't much of a day to be out admittedly but it was even worse for Bill Vrolyks boys who were beaten to the ball and out-gunned in every department. The Bears had won their umpteenth grand final in the modern era despite their string of losses to Central Coast up to that date. And they talk about the glorious uncertainty of cricket!

NNSW 1983 SENIOR SQUAD

It is a matter of grave disappointment to me and many others that the opportunities to represent at State Senior level are so limited.

I am in no doubt whatsoever that there are sufficient players of quality in NNSW to enable us to compete favourably with any opposition in this country and many abroad. I make no apology for such a bold comment as I grow tired of people who continue to show little faith in our local players.

The NNSW Senior squad had only one opportunity in the 1983 season to enforce my sentiments. It was a match played against the National Youth Squad. The result was NNSW 3 National Youth 2.

I am under no illusions that the result of one match makes us a brilliant team. However, spectators fortunate enough to witness our performance that night must surely have been encouraged and well satisfied in their attendance.

The squad on that occasion is listed below.

Craig Grills (West Wallsend), David Fitzsimmons (Cent Coast Ass), Greg Smith (Capt) (Bel-Swans), John Cowburn (Maitland), Michael Boogaard (Lake Macq-Newc Unt), Warren Davies (Rosebuds), David Sweeney (Weston), Derek Todd (Rosebuds), Jack T. Turnbull (Weston), Bernard Kerby (Newc Unt), John J. Turnbull (Rosebuds), Warren Shipley (West Wallsend), Kerry Caban (Lake Macq), Greg Baldwin (West Wallsend), David Richards (Wallsend), Brett Cowburn (Maitland), Dean Milosevich (Ham. Red Star).

Injury forced Paul Queenan's withdrawal from the squad.

I take great pride in the fact that I have instructed all my players to produce a brand of soccer which, above all else, is

enjoyable to themselves and entertaining to the patrons, and the display of our Senior State Squad on their only occasion in 1983 supported my belief in that philosophy.

Such a philosophy may not always win competitions, as the Brazilians found in the last World Cup, but I cannot get excited about winning competitions or games for that matter, that nobody wants to watch.

I trust the 1984 season provides more opportunities for our senior players to represent and with many more players yet to be considered for selection, we need not lose sleep over who our opposition will be.

By way of the annual National U/16 and Youth Championships the players at these levels have had more frequent opportunities to represent.

In terms of final placings since my appointment, our fortunes have been varied.

May 1982 — Youth Level — 7th position
August 1982 — U/16 Level — 4th position
May 1983 — Youth Level — 6th position
August 1983 — U/16 Level — 1st position

The standard of competition at Australian Championships is of a high order and it should be appreciated that the difference between a placing in the top four to a placing in the bottom four in such situations is marginal, as Terry Dobson could well testify.

It was with regard to allowing other coaches the opportunity to benefit from the experience of coaching at this level that I recommend Terry for the Youth job in 1983.

I have every reason to believe that Terry, as I like to think I have, would do the job a bit better on each future occasion.

NNSW 1983 YOUTH SQUAD

John Street (Rosebuds), Andrew Core (Tamworth), Neil Owens (Rosebuds), Rikki Karaka (Cent Coast Ass), David Sharp (Lismore), Darren Northam (Cent Coast Ass), Sean Ingham (Rosebuds), Ian Chapman (Newc Unt), Terry Mason (Cent Coast Ass), Matthew Garland (Capt) (Cent Coast Ass), Robert Borham (West Wallisend), Mark Ryan (Rosebuds), Ross Milosevich (Ham Red Star), Glen Cameron (AIS), David Ayliffe (Rosebuds) and Steven Jones (Lake Macq).

The Championship was staged in Canberra in May, 1983 and the States competing with final placings, are listed below

- 1 Victoria
- 2 South Australia
- 3 Western Australia
- 4 Tasmania
- 5 New South Wales
- 6 Northern New South Wales
- 7 Queensland
- 8 A C T

Coach of the squad Terry Dobson, may well reflect on what was considered to be the match of the championship when Victoria defeated NNSW 2 goals to 1. In the end of course Victoria finished first in the Championship and NNSW sixth. An indication of the narrow margin between a placing at the top and a placing nearer the bottom.

Any coach should value the assistance available to him and Bob Gray and Ossie Bellamy are well worthy of mention for their tireless efforts with the 1983 Youth squad.

Whilst this Championship was obviously an opportunity for the players to make an impression for future national selection, it will be ever so more important to impress at the next Championship in May, 1984.

This will be the Championship from which many of the players will be selected to represent Australia in the 1985 World Youth championship.

All of the players who represented in 1983 due to their date of birth, will be eligible for selection in 1984. However there are several players who did not represent in 1983 and who, I feel, may figure prominently for selection in 1984.

I trust these players are aware of this possibility, for though I can make no promises, I can assure all aspirants that I will have no hesitation in including any player who proves worthy of selection.

Naturally, when selecting any representative squad the coach must accept there will be criticism. I am no exception.

I have earlier expressed my philosophy on how the game should be played and I shall not prostitute those ideals for the sake of winning a youth or U/16 championship.

I shall continue to select and coach the players, who I believe possess the qualities to suitably impress the National Youth Squad Coach.

All soccer followers were immensely proud of Ralph Maier and David Lowe, and I shall be well satisfied when the 1985 National Youth Squad is announced, if there are another two or more NNSW players selected.

There are many other people whose contribution through their association with the players enabled them to take great pride in the success of the NNSW U/16 Squad.

Whilst the memories of the success of the 1983 U/16 Championship will be cherished by the players for a lifetime it is of far greater importance that the future be up to them in their own hands and that the opportunities to build on their success are provided.

It is no coincidence that eight members of the 1983 U/16 squad are eligible to represent again at this level in 1984.

Though these players do not hold mortgages on their positions, it does become clear to understand that our endeavours to repeat our performances of 1983 appear to be promising.

The responsibility of selecting NNSW U/16 and Youth squads for the past two years has provided me the opportunity to better appreciate all the qualities of the prospective representatives.

This knowledge of the players and the time to work on improving their game is the basis of my optimism not only for the NNSW U/16 squad of 1984 but also the NNSW Youth Squads of 1984, 1985 and 1986.

There are many circumstances, of course, where such long-term plans have to be altered - not the least, yours truly being replaced. However, I trust my successor at least, would appreciate the effort and planning that has gone into my work.

Before completing this report, I wish to convey my sincere best wishes in the future to all the players I have overlooked for selection in NNSW squads. As a player who, on occasions experienced the disappointment of not being selected for NNSW, I can well understand the feeling.

I shall be very happy for any player who proves my overlooking his selection to be a mistake.

Finally, and by no means least, I thank the NNSW Soccer Federation for providing me the opportunity to coach at this level and assure them and all soccer supporters that the players selected to represent have not only done us proud on the field of play but of equal importance have been great ambassadors for NNSW.

J. FOLEY

NNSW Director of Coaching

Mark Hampson, Mark Robinson, Lonnie Junnon, Craig Gradwell, Andrew Hamilton, Darren Northam (Capt), Peter N. Russell, Turnbull, Paul Foster, Tony Ward, Steven Geddes, Peter McGuinness, Dane Sharpe, Kevin Costello, Warwick Maher and Mark Wahlstedt.

The Championship was staged at the HMAS Cerberus Naval Base in Victoria in August, 1983 and the States competing with final placings, are listed below:

- 1 Northern New South Wales
- 2 South Australia
- 3 New South Wales
- 4 Victoria
- 5 Queensland
- 6 A.C.T.
- 7 Western Australia
- 8 Tasmania

I have placed great emphasis on the fact that at all times the priority is to produce quality soccer, and the 1983 NNSW U/16 Squad did just that.

The display of pure skill, allied with determination and persistence, from our U/16 players throughout the Championship would have been reward enough to this coach, even if we had not returned home as National Champions. This is not to suggest that I have no concern at all about results. Sure, the major objective is to play well, but the ultimate feeling of satisfaction as far as I am concerned, is playing well, and winning.

That is exactly what the squad achieved, and in doing so presented me with the proudest moment in my coaching career, thus far.

It would be remiss of me not to mention the gratitude that the players and I owe to the Manager, Mr. Barry Hamilton and Masseur, Mr. Bobby Gray Barry, who has followed the fortunes of the majority of the squad for several years, did a first-class job and the rapport that he developed with the players was evidence of their appreciation for his efforts.

Bobby, who has been ever present with all NNSW squads for the past two years, never ceases to give total commitment to the job and the players he loves.

The 1983 season saw the complete domination of the Second Division by one club - Cardiff. The Tigers won every trophy on offer for them - except the Westbury Cup - and finished the season by gaining promotion to State First Division in 1984.

Although Cardiff only finished six points clear of Austral United - or a two-win margin - the gap in the field between Cardiff and the other clubs was far wider, and the Minor Premiership race was won a long way from home.

Cardiff did not hit the lead until after the first eight games however the side always looked capable of taking out the Minor Premiership and they were never headed after this point. The club has benefited tremendously over the past two seasons from the services of coach Peter Irving, and the experience gained by most of the players in the 1982 season came to the fore during 1983.

The Tigers were overshadowed in 1982 for the Minor Premiership by the now-defunct Doyalson-Wyee R.S.L., but gained revenge on that club by winning that season's Grand Final in a very entertaining match at the International Sport Centre.

Determined to go one better in 1983, the players and coaching staff, namely "Swerve" and Warren Anderson, worked extremely hard to increase their fitness and playing ability. A prime example of this willingness to give their all was Andy Tate. It can be said in all honesty that Tate in 1982 was carrying a fair bit of "excess baggage". He always had the footballing ability, but his fitness held back his potential. Tate worked hard in the off season, shed a lot of weight and, in 1983, was Second Division's leading goalscorer, grabbing 18 goals in just 20 matches.

The willingness to improve was also reflected in Assistant Coach, Warren Anderson. Warren, a regular first-teamer with New Lambton and Edgeworth in previous seasons, took on the role of assistant to "Swerve" and can take some of the credit for Cardiff's runaway win in Reserve Grade.

The Tigers' Reserve Grade outfit only tasted defeat once in 28 matches, and won the Minor Premiership by nine points from Wallsend, conceding a mere eight goals in the process. This very impressive defensive record was the best of any side involved in the ten Divisional grades in the Northern NSW Soccer Federation's competitions.

A successful club not only needs dedicated and talented players, but, probably most importantly, needs those same qualities in its administrators. Cardiff certainly is lucky in this regard to have a Secretary of the calibre of Dave Roskell, as well as the remainder of his committee. The ground, facilities, the outdoor six-a-side competition, and the Westbury Cup are all proof of the drive of Roskell and his committee. Another unique promotion for a soccer club, namely an Outdoor Rock Concert, will no doubt swell Cardiff's coffers.

Having praised Cardiff so long and loudly, let me say on the debit side their record as far as player cautions is concerned was woeful in 1983, and suspensions because of card offences could have brought the Tigers unstuck.

Although players' temperaments are hard to control, more discipline will be needed from both the coach and administrators in 1984 if this alarming situation is to be halted. Clubs cannot afford to have their playing staff reduced, as Cardiff did, due to suspensions, especially at the business end of the season, namely the run-in to the semis and finals. Hopefully, in the stronger company of State First Division in 1984, the players will dedicate themselves to the point where their on-field temper is controlled for the benefit of all players.

Next best to the Cardiff side was Ossie Bellamy's Austral team. Ossie, who attained his Level III Coaching Certificate during 1983 and his achievements in 1983 are, hopefully the start of a bright career for him. Australs finished six points adrift of Cardiff but could have been closer had their early season form rivalled the

late charge they made. At the half-way mark, Austral had won five games, drawn two and lost three, but in their last ten games they won seven and drew one. They were basically a young side, with the experience of players like Mick Lee and Paul Wilson completing a good blend.

One of their best acquisitions was former Lambton Jaffas player, Steve Parsons. Parsons shows great promise, and I believe several clubs were after his services for 1983. He finished as the club's leading goalscorer, scoring 11 throughout the premiership rounds and grabbing two in Austral's win over Toronto-Aways in the Preliminary Final.

Unfortunately, any chance they had of winning honours in 1983 were diminished by the strong wind that prevailed during the Grand Final. Austral could not come to grips with the elements, and played right into Cardiff's hands by continuing to

use the long-kick tactic, most times succeeding only to give Cardiff's keeper, young Robert Sheehan, a safe catch of the ball.

With the experience gained during 1983 for both Ossie and the players, the 1984 season could very well be the year that the club realises its most cherished dream, namely promotion to State First Division again.

Another successful club in 1983 was Toronto-Awaba United. The side finished third, made the Preliminary Final and, except for suspensions at crucial times, could have troubled Cardiff for minor honours.

With young players such as the Piggotts and Brett Porter, the club can look to a strong showing in 1984. Mark Jones, 12 goals, and Stewart Ahrens, seven, made the Division's top ten goalscorers' list, and the side's 42 goals was next best to Cardiff in that department.

As with Cardiff, Toronto had a problem with player cautions and suspensions, and although the side never looked like missing the semi-finals, they never were the threat to the top spot that they could have been. One wonders if this lack of discipline was the fault of coach Phil Collins, and the question may be partly answered in 1984 since he will coach Second Division rivals, Maitland Magpies.

With the right attitude to the game, the Toronto side has the youth, talent and potential to be among the front-runners for the coming season.

The team that was the biggest disappointment of the past season was Wallsend. After leading for seven games, they meekly surrendered game after game from that week on, and only managed to scrape into the semi-finals by one point from Cessnock City.

Wallsend became the "soccer-pool" kings of Second Division, drawing seven of their 20 matches. The Devils did have the best defensive record of the Division though, and only tasted defeat on four occasions. With a backlog of games and some disappointing results, it was no surprise to see them bow out of the competition after the Minor Semi-final. If the lessons learnt during 1983 have sunk in, a far better showing should be expected for 1984.

Of the teams to finish outside the top four, several stand out, but for opposite reasons. Belmont, after being in second-last position after 12 matches and looking anything but a worthy Second Division club, climbed steadily up the table from that point onwards. They won five of their last eight games and drew one, with the momentum generated late in July when they won a double-header. At season's end they missed a top-four spot by five points, but were easily the most improved, and indeed the most impressive side over those last eight games.

David Burns finished as the Division's second highest goalscorer, only three behind Andy Tate, which is a tremendous effort when one considers where Cardiff and Belmont were on the points table for the season. Coach Garry Bergquist can be proud of his side's improved showing but rueing their slow start.

Rutherford, who more than justified the faith the Directors of the Federation had in them, finished in the middle of the pack after drawing criticism when they were promoted from Fourth Division in 1982. Rutherford had some very impressive results in 1983 and, if they can draw on the talent in their area, should have a well-blended outfit for 1984.

Wooden-spooners Kurri Kurri had a very disappointing season, and in fact could not manage one win. They drew only three matches, so the end of the season could not have come quickly enough for them. They may find the going slightly easier in Third Division in 1984, but one must question their player strength when looking at their 1983 results, especially since their Reserve Grade also finished bottom. To their credit though, the club battled till the end, and one must praise them for having the players who would stick it out even though the results were disastrous.

The remaining Second Division clubs, Cessnock City, Mayfield, Westlakes and Edgeworth, all had somewhat disappointing seasons, except perhaps for Cessnock. It must be said, however, that Cessnock had ample opportunities to climb into the top four and stay there. The other three sides had terrible seasons, with Mayfield coming with a late burst to win their last two matches. Edgeworth and Westlakes both seem a shadow of their former selves, and a gradual re-building is needed.

To all participating clubs in Second Division in 1984, I hope you have successful seasons, and it will be interesting to see how Maitland Magpies and Beresfield fare. Both clubs have large populations to draw on, and their success is vital for soccer.

ERNIE LAMB

Cooks Hill were the fast finishers of the competition, just sneaking in ahead of University on goal difference after University played a draw with Dudley in the last game of the season. A match which in fact Dudley should have won easily, and which would have put the Dudley boys into the semi's. The Cooks Hill club under the guidance of Gary Atherton, will reflect on a highly successful year as they not only made the semi-finals but their Reserve Grade side were Minor Premiers. Congratulations to all concerned with that club.

University were very much the hot and cold side of the year. One week they would be beaten easily, the next they would upset a more fancied outfit. If only Doug Johns had been able to instil some consistency to this entertaining team, then they would have finished a lot higher up the ladder.

Then we come to Dudley-Redhead, the team which had more chances to make the semi's than a cat has lives. One must feel for coach Don Harrison who gave everything he had only to be finally denied a place in the four by virtue of a goal average. I'm sure it would be a sore point at Dudley if someone were to mention their defeat late in the season at the hands of Newcastle Olympic.

Garden Suburb were never going to be relegated but indeed did not have much impact on the league itself, they more or less stayed in the same spot and will be obviously looking for improvement next year. Newcastle Olympic were more often than not on the wrong side of the score sheet from start to finish, and obviously that club needs a period of re-building. At the same time, nothing can be taken away from their tireless captain coach, Darryl Evans, who undoubtedly could still play in the First Division.

Jesmond had the poorest record of any other club and they too will be looking toward re-building their team.

It has been proved time and time again that a strong, intelligent and working committee is the backbone of every club. Beresfield are the living proof of that. All clubs must try to retain their "senior" players as committee members. Also, many clubs in this division will have to seek out some young players.

Some clubs have an average playing age of 22-24 years, which you must agree is no pointer to a successful future. In search of this youth some "older" players may be squeezed out. But if they truly have the club at heart then they will stay on in another capacity. Not all the work of a successful club is done on the field of play.

That raises a major question for all clubs in the Third Division. How successful does your club want to be? Would your club one day like to play in the top division? I believe that unless every club has such ideals then they should revert to Suburban League! What purpose does a "Semi-professional" club serve if it has no objective other than to survive? If it only wants to provide a weekly game then this can be done in Suburban League. Third Division is unique in that it is just behind the more professional, First and Second Divisions, but just in front of the less professional, Fourth and Fifth Divisions. The choice is your own.

Finally, I would like to again congratulate Beresfield on a highly successful 1983 season and to wish them every success in the Second Division in 1984. In addition, for those who competed in the 1983 season, I offer a hope that they continue to strive for greater honours in 1984, and remember "Soccer is the real football".

ERNIE LAMB

The reserve grade team performed creditably finishing sixth which points to a deal of depth in the club. The 1984 season will be a difficult one in Third Division. But knowing that the club is hungry for further success Stockton is sure to make its presence felt.

South Wallsend, under the guidance of Victor Hogan, can unfortunately look back on 1983 without a trophy to their credit.

After being beaten for the Minor Premiership by a mere four goals, the side was comfortably beaten in the Grand Final at Weston Park by Stockton, losing three-nil. However, with the Division's leading goalscorer, Geoff Robson, who grabbed 20 goals, and the experience of many other players behind them, they will definitely make a fist of it in Third Division in 1984.

Tomago Eagles were perhaps the unlucky side in the Division finishing level on points with both Stockton and South Wallsend. Tomago was 13 points behind Stockton with just eight matches to play and finished on equal points at the competition's end. The side missed out on promotion by a mere three goals.

Kahibah were thereabouts all season and were probably disappointing at the business-end of the competition. Sadly the club's leading goalscorer, Neil Jackaman, was tragically killed in a motor accident about two weeks after the season ended and his loss will be a major hurdle in 1984. Kahibah will no doubt perform well in the '84 season and will undoubtedly be hoping for some honours.

Outside of the top four, Charlestown United was very unlucky not to gain a semi-final berth. After being in seventh position and well outside the top four after 12 matches, the side was defeated in its last eight matches, winning seven and drawing one.

Unfortunately their efforts went unrewarded as they missed a top-four spot by just one point. One realises how well the side would have done had they put their act together in the first round since they won only four of their first 12 games. The effort of the latter weeks of the 1983 season augers well for 1984, provided they can keep the side together and start a little better.

Another disappointing side was Merewether Advance. Their reserve grade team captured the Minor Premiership trophy, with a final winning margin of eight points over Marks Point. But the first grade side wilted badly to finish sixth, and well behind Kahibah after being fourth at the half-way mark. With obvious depth within the club, it is difficult to pinpoint the reason why they should have finished so badly.

Both Charlestown Hotspurs and Muswellbrook finished next on the ladder with 22 points, and had moderate seasons, both winning six matches but finishing third-last on the points table.

However, Greta should do much better next year, since they have a big area to draw on and a committee that is very hard-working.

The two sides to finish in the bottom two places were Marks Point and Tech College. The position in which Marks Point finished shows the difference between first grade and reserve grade, since their reserve grade side finished second on the points table, winning 11 and drawing five of their 20 fixtures. Tech fared badly in the 1983 season, however, with their reserve grade side also finishing bottom.

All in all, the Fourth Division competition was highly successful and a most entertaining affair with the tight finish involved. To all teams in 1984 the best of luck, and to all committees please be aware of the Regulations and any Federation decisions made, since a well administered club often is a successful club.

Also promoted with Nelson Bay to Fourth Division was Cardiff Railway who won an exciting Grand Final clash with Kearsley United at Weston Park to become 1983 Major Premiers. In fact that win was the first time a game between these two sides had not finished in a draw for the previous five years. The experience of players like Danny Roberts and Graham Holland proved invaluable to the Railway side in 1983, and they too, should perform well in 1984.

R A A F Wilhamtown came with a "wet sail" over the concluding stages to grab third spot on the ladder, and tip the much more fancied Thornton Park out of the semis. The enthusiasm of the players from the "Base" no doubt counts along way towards the success they achieved, and although being bundled out of the semis by eventual Grand Finalist, Kearsley, they can be justifiably proud of their results over the latter half of the season.

Perhaps the best result Kearsley United achieved all year was their 4-0 hammering of Nelson Bay in the Preliminary Final. Although finishing some 10 points adrift of the Bay at the Season's end, they completely outclassed their more fancied rivals to reach the Grand Final. No doubt the club will be looking eagerly towards 1984.

Thornton Park were very disappointing over the concluding stages of the season and missed out on a top-four berth by three points, eventually edging out Tubemakers for fifth position by goal difference.

Peter Convery appeared to have the leading goalscorer's title wrapped up for the second time in succession, until he missed the last match through suspension and Cole grabbed those amazing seven goals.

The late burst by Tubemakers augers well for 1984, particularly when one considers it was a newly-formed club. Two of their players, Mark Forshaw and Brett McDonald finished in the Division's top five goalscorers, a fine effort considering the side's position on the Table. Indeed, Tubemakers were the Division's second highest scoring team, but their defence unfortunately did not match that of the teams above them.

Lambton Rangers and Cardiff Workers both had indifferent seasons, with Rangers' Steve Lewins showing up as a bright prospect, grabbing a third of his club's total of 32 goals for the season. Mention must also be made of the effort of Darrell Smith from Cardiff Workers, who contributed 10 goals towards his side's lowly total of 24 for the season.

The Singleton club had a disastrous season, winning only two of their 18 games. Indeed, Singleton have withdrawn from the Federation's competitions for 1984, and unfortunately it may be a while before that area is represented in the N N S W Divisional competitions again.

The poor effort of Elernore Athletic in not managing a win or at least a draw all season must have been a bitter disappointment for all concerned with the club. But Elernore is approaching 1984 with much optimism, so a better showing is expected.

The Fifth Division Competition for 1984 seems to be one Division that will be in for radical changes as far as clubs competing is concerned. With Singleton dropping out and many Suburban League teams nominating for the Fifth Division, an interesting season is in store. All the best to those clubs competing.

NOTE: At the time of writing the make-up of Fifth Division for 1984 had not been finalised.

ERNIE LAMB

LIFE IN THE TOP DIVISION

When tragedy strikes early and there is a quick recovery, life goes on much as before. When it strikes late and there is no chance of recovery, life can be pretty grim. For some of the sides in the 1983 competition, tragedy struck many times and continued without let-up.

Let's get down to cases.

Sponsorship by Tooths brought the 1982 season to a successful climax. But almost immediately random breath testing and the booze bus took its toll of licensed clubs so that Doyalson RSL, who had ploughed a great deal of money into soccer in a bid to make first division, suddenly withdrew from the code completely. The dispersal of their assets were to benefit several other first division clubs. That was the good side of the picture. On the other hand, soccer's image suffered through the loss of another leading club. Coffs Harbour and Doyalson had both gone from a league which was starting to look something like a statewide concern.

Four first division clubs started off badly and continued for the rest of the season in much the same vein. The clubs were the 1982 minor premiers, Lake Macquarie, Hamilton Red Star, Tamworth and Maitland. Lake Macquarie did put on a spurt towards the end of the premiership but they failed to make the majors. For Maitland, it was a continuing nightmare. On paper they had a fine squad with good prospects of finishing at least in the top half of the table. After three rounds they were last, having scored one goal and conceded ten. At the halfway point they had tallied only six points from two wins but at least they had climbed off the bottom of the table. Here was a club in real difficulties. A rift in the committee had split them into two clubs and there was discord between the Magpies committee on the one hand and the players and coach on the other.

Lake Macquarie was only three points ahead from three ins at that time. Kerry Caban was their leading scorer on four goals though he had thirteen at the same juncture in the previous season.

At this stage, Adamstown was leading the table with Weston in second spot and Central Coast third. Nobody would have cared to predict the winner of the minor premiership at that stage. There was a distinct similarity in the goals for and against among the top three. Each club had a goalscorer. John J. Turnbull, Paul Corbett and David Sweeney were vying with Ross Lawrence for the honour of topping the list though none of them proved to be the eventual winner.

The crowds had been good enough to encourage the first division clubs to feel there was some benefit in having a ten-team competition. Belmont Swansea, in particular, was drawing well at this point though they were never among the tall poppies. Maitland wasn't faring so well but, altogether, it was one of those seasons they would probably wish to forget. Actually, they had conceded fewer goals than Lake Macquarie but they just could not take their chances. Not at any stage of the season did they get a player into the leading goalscorer's list. Their crowd suffered accordingly.

By the end of round sixteen Central Coast were a point behind Weston Bears with a game in hand. They had a better goal difference and they were playing confidently. The other semi-final contenders were out of contention for the minor premiership after round seventeen and the only questions left to be answered were whether Central Coast would take out the minor prize and whether they would be able to win the grand final as well. Since they had beaten the Bears in both premiership encounters they had every reason to be optimistic. Despite a loss to Adamstown Rosebud in series eighteen, they parcelled up the minor premiership.

Also promoted with Nelson Bay to Fourth Division was Cardiff Railway, who won an exciting Grand Final clash with Kearsley United at Weston Park to become 1983 Major Premiers. In fact, that win was the first time a game between these two sides had not finished in a draw for the previous five years. The experience of players like Danny Roberts and Graham Holland proved invaluable to the Railway side in 1983, and they too, should perform well in 1984.

R.A.A.F. Williamstown came with a "wet sail" over the concluding stages to grab third spot on the ladder, and tip the much more fancied Thornton Park out of the semis. The enthusiasm of the players from the "Base" no doubt counts a long way towards the success they achieved, and although being bundled out of the semis by eventual Grand Finalist, Kearsley, they can be justifiably proud of their results over the latter half of the season.

Perhaps the best result Kearsley United achieved all year was their 4-0 hammering of Nelson Bay in the Preliminary Final. Although finishing some 10 points adrift of the Bay at the Season's end, they completely outclassed their more fancied rivals to reach the Grand Final. No doubt the club will be looking eagerly towards 1984.

Thornton Park were very disappointing over the concluding stages of the season and missed out on a top-four berth by three points, eventually edging out Tubemakers for fifth position by goal difference.

Peter Convery appeared to have the leading goalscorer's title wrapped up for the second time in succession, until he missed the last match through suspension and Cole grabbed those amazing seven goals.

The late burst by Tubemakers augers well for 1984, particularly when one considers it was a newly-formed club. Two of their players, Mark Forshaw and Brett McDonald finished in the Division's top five goalscorers, a fine effort considering the side's position on the Table. Indeed, Tubemakers were the Division's second highest scoring team, but their defence unfortunately did not match that of the teams above them.

Lambton Rangers and Cardiff Workers both had indifferent seasons, with Rangers' Steve Lewins showing up as a bright prospect, grabbing a third of his club's total of 32 goals for the season. Mention must also be made of the effort of Darrell Smith, from Cardiff Workers, who contributed 10 goals towards his side's lowly total of 24 for the season.

The Singleton club had a disastrous season, winning only two of their 18 games. Indeed, Singleton have withdrawn from the Federation's competitions for 1984, and unfortunately it may be a while before that area is represented in the N.N.S.W. Divisional competitions again.

The poor effort of Elmore Athletic in not managing a win, or at least a draw, all season must have been a bitter disappointment for all concerned with the club. But Elmore is approaching 1984 with much optimism, so a better showing is expected.

The Fifth Division Competition for 1984 seems to be one Division that will be in for radical changes as far as clubs competing is concerned. With Singleton dropping out and many Suburban League teams nominating for the Fifth Division, an interesting season is in store. All the best to those clubs competing.

NOTE: At the time of writing the make-up of Fifth Division for 1984 had not been finalised.
